NORTH POLE FLIGHT ATTEMPTED

MANY FIRES IN WOODS NORTH OF LAKE SUPERIOR REPORTED NOW TO BE UNDER CONTROL

Given Favorable Weather, Districts Are Now Regarded as Safe; Between Twenty and Thirty Farmers Lost Buildings as Flames Swept Forward.

Port Arthur, Ont., May 21.—Forest fires which have raged throughout the Thunder Bay district for the last three days, causing heavy property damage and the destruction of farm homes and buildings, were reported in check to-day and unless unfavorable weather develops, all will soon be under control. Many fires within thirty miles of this city are now under control. It is estimated that from twenty to thirty farmers lost buildings, some both homes and barns, and others only one or the other.

No loss of life has been reported from any of the menaced districts.

Additional details of the fire that threatened the village of Kamistiquia were reported to-day. With burning embers falling around them, residents fought the flames, a bucket brigade carrying water from a well until it had been pumped dry, when they were forced to haul it from the river to check the spread of the fire. They succeeded in saving a pile of 25,000 ties in which the fire had gained a foothold.

Farm buildings and timber on large areas in the Silver Mountain district were destroyed. During the height of the fire, terrified rabbits and other wild creatures were observed running from the path of the flames.

Among the losses were: A sawmill and a house and outbuildings at Cowland's mine destroyed; barns and outbuildings on settlers' lands burned.

Kakabeka Falls: Seven settlers burned out, and buildings on the outskirts of Hymers destroyed. Gorman and Ware townships: Large areas of good standing timber burned over and out-logs destroyed. Strange Township: Sawmill and large quantity of lumber at Whitefish burned. Thirty buildings, including seven dwellings, destroyed and a great amount of standing timber and cut logs consumed.

INQUEST FOLLOWS CHINESE SHOOTING

Port Moody Affray Led to Three Deaths; Another Chinese in Critical State

Vancouver, May 21.—That the death toll resulting from the Chinese shooting affray at Port Moody Tuesday night might be increased to four was indicated in the announcement this morning by Royal Columbian Hospital authorities that Ng Say passed a poor night and was in a critical condition.

Five bullets pierced the abdomen of Ng Say, according to reports, and a delicate operation was performed by three surgeons late Tuesday evening, giving the Oriental a fighting chance for life.

TWO ARE HELED

Chief of Police Mackie of Port Moody stated this morning that the two Chinese accused of the shooting, Shue See and Choi Young, sawyers employed at the McNair mill, would be taken to New Westminster for the inquest to be held there.

The police have not disclosed the ground on which they have made the double arrest.

A prominent member of the Shon Yee Benevolent Association, of which the murdered Fred Lambert was a leader, stated Fred Lambert and his party visited the camp to make a collection on behalf of the association, accepted an invitation to remain to supper, and met death just after the meal had been concluded.

The death toll rose to three yesterday afternoon when Ng Hong died in the hospital. The two others were Nak Dip and Fred Lambert.

REMAIND GIVEN

Port Moody, B.C., May 21.—When Shui Sing and Shen Say, charged with murder in connection with the deaths of two of their countrymen at a shingie camp here Tuesday night, appeared before Magistrate George Noble this morning for preliminary hearing, they were remanded for eight days, pending the outcome of the inquest, which is being held at New Westminster to-day.

The accused were charged with the murder of Fred Lambert, or Lum Bui, and Ng Hong.

As yet the police are uncertain whether Nak Dip, the third victim, was murdered or committed suicide.

SLEEPING SICKNESS

London, May 21.—Official statistics last issued show sleeping sickness has been steadily increasing in England and Wales. The number of cases increased from sixteen in 1918 to 1,467 in 1924.

NOW RUMORED McMURRAY MAY LEAVE CABINET

Ottawa, May 21.—Rumors of the resignation from the Government of Hon. E. J. McMurray, Minister of Finance, are current here. It is stated Mr. McMurray will resign because of obligations which the legal firm of which he is a member has to the Home Bank. Mr. McMurray's firm was a debtor to the bank for a considerable amount when the crash came, and it is understood the debt has not been cleared away. Consequently it is stated he will resign in order to relieve the Government of any embarrassment which might result from his connection with it.

The Government plans to introduce legislation for the reimbursement of Home Bank depositors at an early date.

Mr. McMurray is a member of the Commons for North Winnipeg.

BEER SALE TO-DAY BEGAN IN ONTARIO

Less Excitement Than Expected; No Great Rush From U.S. Side

Ottawa, May 21.—Opinions as to the value of the 4.4 per cent beer sale this morning varied. Early reports were that the drink was "wet and drinkable," that it had a noticeable "kick" in it and that it tasted like "old water." Others reported the new drink was "everything that could be wished for."

The much-looked-for excitement over the opening of the bars in Ontario after so many years of prohibition failed to materialize. In the larger cities the few hotels that sold drinks entered to only a small patronage.

NO BIG U.S. RUSH

The anticipated rush of United States tourists at the border points had not yet taken place at noon, but hotelkeepers were hopeful of an improvement of business by nightfall. One hotelkeeper in Niagara Falls, who had made extensive alterations to his premises in anticipation of a heavy patronage, greeted newspapermen with a long face and the statement that "the new beer is a dud. I am sorry I spent so much money on alterations."

In many towns and cities of the province the new beer was not on sale this morning owing to the licenses for its sale not yet having arrived from Toronto, or to the brewers having been unable to deliver the beer in time because of the heavy demand made on them.

FEW VISITORS

Buffalo, N.Y., May 21.—Multitudes of thirsty United States citizens supposed to have been concentrated in this city for a drive on the wet Canadian shores at the start of the sale of 4.4 per cent beer in Ontario, today failed to materialize during the forenoon and for several hours after the beer went on sale in Port Erie, across the border, the bulk of the patronage consisted of Canadians.

A few United States residents went across early in the day, however, and from those came back reports that the brew being dispensed was "everything that could be wished for."

Wayne E. Wheeler, general counsel of the Anti-Saloon League of America, here for a Sunday school convention to-night, in a statement to-day, disagreed with the optimistic reports from across the border.

"Canadian 4.4 per cent beer is a snare," he asserted after consulting with Canadian cities by telephone. "This Canadian experiment will give the people of the United States a chance to see the wisdom or folly of this scheme. Uncle Sam will observe the experiment with his tongue against his cheek and continue to speed up law enforcement."

RATE IS REDUCED BY BANK OF INDIA

London, May 21.—The Imperial Bank of India reduced its rate of discount from 7 to 6 per cent to-day.

PAVING BLAZES AS BREEZE FANS SPARKS TO LIFE

Paving blocks aflame, while traffic rolled over them, aroused the interest of travelers on Douglas Street this morning. Douglas fir blocks, abutting street car tracks between Johnson and Pandora Streets, were blazing merrily at two points this morning at 11 o'clock, and the attention of Fire Chief Vernon Stewart was promptly drawn to the curious sight.

Inquiries showed that the fires had been caused by embers and sparks from the tool heating wagon of the city's paving plant, which had recently passed. Laid aside, falling in crevices of damaged sections of the wood block surfacing, had quickly grown active under the steady drive of the strong breeze prevailing. The tinderlike fractured wood blocks had promptly ignited, the creosote and tar preservatives adding to the smoke produced.

FIVE WOUNDED IN ATTACK ON JAIL

Defenders Prevented Lynching of Two Accused Negroes in Dallas, Texas

Volley of Shots Met Rush of Mob; Guards Had Variety of Weapons

Dallas, Texas, May 21.—Five men were wounded when a mob made a rush on the Dallas County Jail early today in an effort to take Frank and Lorenzo Noel, negroes, charged with murder and criminal assault. Officers guarding the jail met the rush with a volley of shots.

About thirty men were fired, most of them into the air. The attack promptly subsided after the first volley, and members of the mob fell back a distance of a block or more.

The crowd began gathering early last night, and by midnight had swelled to 5,000 or more. Police and firemen established lines around the jail building, and the latter kept the crowd at a distance by playing streams of water upon them.

Inside the jail building deputy sheriffs maintained secondary lines of defense. They were armed with shotguns, firehoses and supplies of ammonia and tear gas, prepared to repel any onrush.

The wounded were treated at hospitals.

Adding to the night's excitement were several fire alarms, all false. They were considered the work of persons who desired to divert firemen from guard duty at the jail.

About seventy-five officers maintained guard over the jail throughout the night.

The jail is considered mob-proof.

EX-MINISTER OF EGYPT ARRESTED ON STACK CHARGE

Cairo, May 21.—Ahmed Pasha Maher, former Minister of Education in the Zagloul Cabinet, was arrested to-day in connection with the investigation of the murder of Maj.-Gen. Sir Lee Oliver Stack, Sirdar of the Egyptian army, who was assassinated here last November.

Nokrashi Bey, former Under-Secretary of the Interior, in the Zagloul Administration, was also arrested to-day.

Shortly after the assassination of Sir Lee Oliver Stack, Nokrashi was arrested, but subsequently was released, following a protest from the Egyptian Government.

EARTH SHOCK WAS RECORDED IN CAIRO

Cairo, May 21.—A slight earthquake shock was recorded on the seismograph here to-day.

Ypres Slightly Stronger To-day

Deal, Eng., May 21.—Field Marshal, the Earl of Ypres, formerly Sir John French, whose condition was described yesterday as very grave, rallied early this morning. It was stated his condition was slightly improved.

More Than 11,000 Murders Each Year In United States

New York, May 21.—The annual toll of murder in the United States now exceeds 11,000 and the homicide rate during 1924 was more than double that of 1900, Frederick L. Hoffman, consulting statistician of the Prudential Life Insurance Company of America, says in an article in The Spectator, an insurance journal.

Mr. Hoffman has compiled statistics for twenty-eight of the largest cities, embracing a fifth of the population of the country, showing there are 409 cases of homicide in 1900, a rate of 5.1 to 100,000 of population, and 2,218 in 1924, or 10.3 to 100,000.

"Recent murder totals," the article says, "leave no room for doubt that our judicial administration in capital cases is not what it should be."

Pistols and poisons are too easily obtained by the public, the writer asserts, charging that those who sell revolvers through the mails, guaranteeing them "to shoot to kill," are abetting murder.

WONG MAY BE PUT ON TRIAL IN THIS CITY

Victoria or Nanaimo Suggested For Hearing of Charge of Murder

Assize Sittings Here Middle of June; Start in Nanaimo May 26

Vancouver, May 21.—The Vancouver Province to-day says:

"To obviate the expense which would be occasioned by a special assize court session here for the trial of Wong Foon Sing on a murder charge, the defence counsel are considering applying for a change of venue so as to have the case heard either in Nanaimo or Victoria."

"The Nanaimo assize sittings will open May 26 and the Victoria assizes about the middle of June."

"It is pointed out that the objection to holding a special assize sitting here to avoid the long delay until the regular Fall sitting would thus be overcome, because there would be no extra expense in empanelling a jury."

Wong is charged with having murdered Janet Smith.

Liquor Ring in U.S. Backed by Strong Capital

St. Paul, Minn., May 21.—Federal authorities are investigating a large illicit alcohol ring which they say is backed by more than \$1,000,000 capital, with headquarters in St. Paul and Minneapolis, and branches in many parts of the country. It was learned here to-day.

RULING IS ASKED ON DIVISION OF ESTATE

Mrs. A. S. Swallow, Toronto, Asks Judgment on Late Aunt's Property

Toronto, May 21.—Mrs. Anne S. Swallow of Toronto has moved in court here for judgment by default against her brother, Dr. H. I. Adams of Duncan, B.C., who she alleges, failed to carry out an agreement said to have been entered into in 1913 between Mrs. Swallow, Dr. Adams and two other nephews of the late Mrs. Margaret Mackay of Toronto, whereby the four undertook to divide their inheritance between them.

The four, according to Mrs. Swallow's claim, agreed that in the event of Mrs. Mackay dying they would be entitled to equal shares of her estate, and they would, notwithstanding anything in any will she might make, divide equally among the four whatever might be left them.

Mr. Justice McWatt has appointed Assistant Registrar Hinds to examine the papers to see they are in order for granting the default judgment.

Australia Orders Two Submarines

London, May 21.—(Canadian Press Cable)—Vickers, Limited, the great English iron and steel works, has received an order from the Australian Government for the construction of two submarines and ten gun-mountings for one of the two Australian cruisers which are being built in Britain.

CHILDREN LOST LIVES

St. John's, Nfld., May 21.—Two children, aged five and three years, were burned to death and their mother, Mrs. Fred O'Neill, and her sister, Miss Kent, suffered burns and injuries in a fire that destroyed a store and tenement block here yesterday.

FOOD COUNCIL IN OLD COUNTRY SOON

London, May 21.—The British Government intends to press in the House of Commons shortly a large programme of urgent and important legislation, in connection with the recent report of the Royal Commission on Food, Premier Stanley Baldwin stated to-day in replying to a question.

The Royal Commission on Food in a majority report recommended the establishment of a food council to maintain supervision over the staple food trades.

AMUNDSEN MEN START IN PLANES FOR NORTH POLE

Message From Kings Bay, Spitzbergen Tells of Beginning of Bold Attempt to Fly Over the Pole; Two Planes Carrying Three Men Each.

New York, May 21.—The North American Newspaper Alliance announced that it had received a dispatch from King's Bay, Spitzbergen, this evening stating the two flying boats of the Amundsen-Ellsworth Polar Expedition had hopped off there at 5.15 this afternoon for the North Pole. The dispatch says each plane carries three men.

RISE OF WATERS OF FRASER RIVER IS SLOWER TODAY THAN YESTERDAY

Vancouver, May 21.—After a rise of only six inches in twenty-four hours, and two inches during last night, the Fraser River is thought now to have practically touched its high point for this month.

The gauge at Mission at 8 o'clock this morning read twenty feet five inches, a rise of six inches during twenty-four hours. Even while farmers along both sides of the Fraser watched the waters slowly rise above the traditional danger point of nineteen feet, engineers and ranchers alike expressed their feeling that the peril was passing in proportion as the rise in the level slowed down.

DR. J. C. McLENNAN

Owner of "Baby Farm" in New York is Charged With Manslaughter

Wife of Wealthy Manufacturer Bought a Baby; Husband Now Casts Off Child

New York, May 21.—Mrs. Helen Auguste Geisen-Volk, owner of a "baby farm," to-day was indicted for first-degree manslaughter by a grand jury after an investigation which showed William Winters, six months old, died in the woman's place after his skull had been fractured. She was indicted yesterday on a baby substitution charge.

The publicity attached to the state's investigation of Mrs. Geisen-Volk's infanticide has led Mrs. Nat Bass, wife of a wealthy clothing manufacturer, to admit she bought an infant from a baby home for \$75 and pretended it was her own because her husband had longed for offspring.

Mrs. Bass confessed her hoax, she said, because the feeling she might be called in the investigation. She told her husband first and then the district attorney.

It was at the Geisen-Volk institution that the baby was placed in bed with her, she said. Her husband was notified the stork had arrived. Now he admits he loved it, because it doesn't want to "live a lie."

BAFFIN LAND IS TO BE EXPLORED SOON

MacMillan Expedition Will Use Aeroplanes on Island North of Canada

Little is Known of Vast Area; Several Large Lakes; Reindeer Provide Meat

Washington, May 21.—The first comprehensive exploration of Baffin Island, the "Land of Many Lakes," which lies sprawled out for 1,000 miles with points and promontories and great lakes North of Labrador and southwest of Greenland across Davis Strait, is one of the aims of the MacMillan-Navy Arctic expedition this summer.

Discovered 349 years ago by Sir Martin Frobisher, the British navigator, scarcely anything more is known of it now than in that day, says a statement issued by the National Geographic Society, which is one of the sponsors of the expedition. A vast virgin field there awaits the expedition's efforts.

THIRD LARGEST

"Baffin Land," the statement declares, "is the third largest island in the world, Australia and Greenland (Concluded on page 2)

LEADER OF GREAT ARCTIC FLIGHT

CAPT. ROALD AMUNDSEN

MAYOR REQUESTS SPECIAL DISPLAY OF DECORATIONS

Mayor Carl Fendley, officially requests all merchants and business men in the downtown section of the city to decorate their premises early to-morrow morning and continue their displays until the holiday celebrations terminate on Monday evening.

MRS. GEISEN-VOLK IS TO FACE JURY

Owner of "Baby Farm" in New York is Charged With Manslaughter

The gauge at Mission at 8 o'clock this morning read twenty feet five inches, a rise of six inches during twenty-four hours. Even while farmers along both sides of the Fraser watched the waters slowly rise above the traditional danger point of nineteen feet, engineers and ranchers alike expressed their feeling that the peril was passing in proportion as the rise in the level slowed down.

The dyke lands in Nicomen are still dry. Only here and at Dewdney have they been in much danger. A break occurred in the Horseshoe dyke built at Nicomen around a break of last year, but thirty ranchers called by telephone worked all last night and repaired the leakage. This morning it is as firm as ever. The Sumas reclamation dykes have so far withstood the greatest strain yet put upon them.

All protection works and dykes in the Chilliwack Valley are reported safe and in good condition.

ROAD UNDER WATER

On the south bank of the Fraser, the Salmon River Road for a few hundred yards is under water, and the Glen Road has been partly inundated.

On the north bank, a short part of the river road carries water. The Mission-Mission ferry started again on its usual schedule at 7 o'clock this morning, the piles at the Mission dock having been redriven. The ferry at Lytton yesterday fell to 75 degrees at North Bend the sky was clouded over, while at Mission this morning there was a slight drizzle of rain.

TELEPHONE TOLLS SLASHED HEAVILY IN LOCAL SERVICE

President Halse Announces
Four-cent "Two-number"
Rate Effective June 26

Victoria, Belmont, Colquitz and Gordon Head Exchanges Affected

Twenty per cent reduction in telephone toll charges between the four exchanges—Victoria, Belmont, Colquitz and Gordon Head—will become effective on June 26, President G. H. Halse of the B.C. Telephone Company announced yesterday, when visiting Victoria.

The concession will only affect calls made on the recently introduced "two-number" system, subscribers asking for long distance service to these exchanges, to speak to a particular person, paying the regular long established charges.

The new two-number charge will be four cents per call instead of the existing toll of five cents. Almost 14,000 subscribers will benefit from the reduction, there being 13,300 telephone users served from the Victoria exchange and 400 by the three suburban exchanges.

The City Council on April 1 last applied to the Telephone Company for extension of the four-cent toll to Victoria district, the lower charge having been effective in Vancouver district for some time.

Accompanying the new rate the Telephone Company will introduce a simpler method of rendering the monthly accounts. The customary detailed statements of two-number connections will be abandoned, the simplification of accounting thereby made possible being one of the factors making possible the twenty per cent reduction.

MAKE PUBLIC LIST OF NEW TEACHERS

Officials of University of B.C. Announce Results of Recent Examinations

Vancouver, May 21.—University of British Columbia graduates who have successfully completed the teacher training course will be listed in a public list of new teachers.

Honors—Flora Magdalene Aske, John Douglas Baird, Mary Isabel Chapman, John Edgar Gibbard, Kathleen Thomas Green, Elsie Macmillan, Richard Colebrook Harris, Josephine Alphonsine Paradis and Helen Mary Turpin.

Pass—Joseph Albion, Mary Catherine Laura Astell, Grace Dean M. Beckwith, Allen Buchanan, Erling William Burton, Winifred Beatrice Cuthbert, Thomas Charles, Bertha, Wilhelmina Conner, Mary Catherine Lillian Cope, Helen Creelman, Nellie Edwards, John Frederick Kerr, English, Margaret Elizabeth Goodchild, Fern Dulcie Grace James, Florence Evangeline Johnston, John Denzil Jones, Ada Grace Langdale, Frances Josephine Meadows, Frances Elizabeth McMorris, Rena Viola McRae, Ruth Askew MacWilliam, Clifford Arthur Nozel, Arthur Vorley Parsons, Dorothy Campbell Peck, Mary Alfred Pittendrigh, Mary Lillian Reid, Helen Wilma Reith, Walter Ernest Schmidt, Agnes Christina Smith, Edith Mary Stewart, Robert Topper, Alice Verna Turner and Florence Irene Williams.

Interim—Mary Eleanor Lawrence, Annie Brown Little, Gertrude Evangeline McDonald and William James Elsie Wylie.

The above-named graduates are entitled to receive academic teachers' certificates, which will be issued by the Department of Education, Victoria, on receipt of registration fees.

VISITOR COMMENDS CHURCH UNION PLAN

London, Ont., May 21.—"Nothing impresses me so much in the United States," declared Rev. Dr. Charles L. Goodsell, noted divine of New York, at the London Methodist Conference yesterday, "as the church merger in Canada—the fact that you are getting so close together and standing shoulder to shoulder. You are setting a great pace and an example that will be followed in the nations all over the world."

HONORARY DEGREE

Fredericton, N.B., May 21.—The honorary degree of Doctor of Sciences will be conferred at the University of New Brunswick on June 12 upon E. E. Brydson-Jack, of the Dominion Public Works Department.

Yarrow, former professor of engineering at the University here, Dr. W. C. Murray, president of the University of Saskatchewan, to-day will be the alumni orator.

NOTED ATHLETE DIES AT KAMLOOPS

Raymond Goodacre Succumbs at Early Age; Was Native Son

British Columbia lost another splendid athlete and sportsman in the passing of Raymond Goodacre, son of Mr. and Mrs. Lawrence R. Goodacre, 419 Belleville Street, and a native of this city, who died at Kamloops last night. He was twenty-two years of age.

Raymond Goodacre was raised in Victoria, played with local teams and studied at city schools. He entered the employ of the Swift Canadian Company five years ago and steadily progressed in the service of that organization. He was a well-known Kamloops player and also a basketball and baseball player.

Arrangements for the funeral have not yet been completed, but interment will take place here.

RESORT ON JOHNSON STREET DREW INDIANS

Chinaman Sentenced on Charge of Supplying Liquor to Westholme Indian

Edward Hulburston, a Westholme Indian, repenting of his brief lapse from grace, led police officers to the two rooms on Johnson Street premises where Indians could get a drink. Magistrate J. Day was in city police court to-day.

As a result of smart work on the part of Police Officer Thomas O'Connell and Sergeant Boulton, the latter of the city police, the Indian was induced to act as a guide.

Two men were arrested. One was dealt with by the court some days ago and sentenced to a jail term for supplying liquor to an Indian. The other, Lee Fong, was to-day sentenced to serve three months in jail on a similar charge. Star witness for the prosecution was Edward Hulburston, who described in a graphic way how he had been received on the premises.

In proceedings against the accused, previously sentenced by the court, Thomas O'Connell stated that the Indians had been having too free an access to liquor when they came to town. He had questioned them, he said, and as a result of his inquiries the man known as Hulburston was induced to tell what he knew. Police aid from the city was sought at this juncture, and Sergeant Boulton joined the Dominion officer in the final round-ups.

Ladies' Play Well In Spite of Gale at Oak Bay To-day

In spite of a stiff wind which made playing difficult, some splendid golf was played this morning in the second round of the British Columbia Ladies' Open Golf Championship at the Oak Bay course. Mrs. H. G. Hutchings defeated Mrs. Philbrick, 4 and 2; Miss Seward won from Mrs. Gellatly, 4 and 3; Mrs. Parry beat Miss Sparrow, 3 and 1, and Mrs. Hutchinson won from Miss Janet Drysdale, 3 and 1.

BAFFIN LAND

(Continued from page 1)
surpassing it. Resolution Island, off the southern point of Baffin Land, is about on the latitude of the southern shore line of Alaska and of Oslo, capital of Norway, and Leningrad. But Baffin Land is more than 1,000 miles in length, so its northern latitude is 60 miles North of both Harmer, at the top of Scandinavia, and Point Barrow, Alaska. Baffin Land has resisted through exploration in virtue of its vastness. It is larger than any state of the United States, except Texas, and would make almost four New England.

GREAT LAKES THERE

A lake nearly as large as Lake Ontario is one of the island's features. Angmagssuk, the "great water" in Eskimo language, is 120 miles long and forty miles wide. It is, however, only one of the "great lakes." Lake Netilik may be larger than Angmagssuk. These lakes offer one of the few places for water landings for planes to be found anywhere in the Arctic.

"Rivers and lakes of the island are well stocked with fish, notably sea trout and speckled trout. The Arctic hare, wolves and white and blue foxes, and in many places there are muskoxen, and a few muskoxen are believed to inhabit the northern section. The Eskimo population is placed at 670.

"Baffin Land takes its name not from its discoverer, but from a later explorer, William Baffin.

"Baffin never led an expedition to its shores, but his scientific observations made as pilot on three important ventures into the Northwest earned him the honor of having the great island named after him."

The forthcoming expedition will be led by Capt. Donald B. MacMillan. Aeroplanes will be taken North on ships.

MAY SERAFINI MARRIED
Montreal, May 21.—Mary Serafini, widow of Giuseppe Serafini, one of the Hochelaga Bank bandits who were hanged last February, was married here on April 1. It became known to-day.

MISSING BOYS FOUND
Fort William, May 21.—Word has been received here reporting the discovery of two missing boys. They had become frightened and started to walk to this city. Searchers found them along the trail.

Keen Competition At Annual Sports Of Willows School

Much Enthusiasm Shown at Events Staged at Cranmore Road Yesterday Afternoon

The winners were as follows:
50 yards, girls under 7 years—1, Marie Hemmick; 2, Mary Godfrey.
50 yards, boys under 7 years—1, Dick Arter; 2, Stanley Davis.
50 yards, girls under 9 years—1, Lillian Hisslop; 2, Mary Morrison.
50 yards, boys under 9 years—1, George Saunders; 2, Jack Fisher.
50 yards, girls under 11 years—1, Nancy White; 2, Margaret Kerr.
50 yards, boys under 11 years—1, Graham Verley; 2, Jack Briggs.
75 yards, girls under 11 years—1, Nellie Rogers; 2, Mary Bryden.
75 yards, boys under 11 years—1, Margaret Watson; 2, Mary Bryden.
100 yards, boys under 13 years—1, Rod McInnes; 2, Lyle Gurney.
75 yards, girls under 13 years—1, Gwen Banks; 2, Joan Smith.
100 yards, boys over 13 years—1, Charlie Haywood; 2, Chris Usher.
100 yards, boys, open—1, Roy Daniels and Lyle Gurney; 2, Charlie Harrison.
50 yards, 3-leg, girls 5 years—1, Marie Hemmick and Jessie Griffin; 2, Marie Hemmick and Mary Godfrey.
0 yards, 3-leg, boys 5 years—1, Willie Gornall and Gordon Ingles; 2, N. Colvin and G. Murdoch.
50 yards, 3-leg, girls 12 years—1, W. Ford and K. Burt; 2, Mary Bryden and Helen Mitchell.
30 yards, 3-leg, boys 12 years—1, C. Harrison and A. Biddy.
Egg and spoon race—1, Marjorie Brown; 2, Peggy Grant.
120 yards, junior boys—1, Charlie Harrison; 2, Rod McInnes.
200 yards, senior boys—1, Charles Haywood; 2, Chris Usher.
200 yards, boys, open—1, Roy Daniels; 2, Lyle Gurney.
Egg and spoon, teachers—1, Mr. Davenport; 2, Miss Brown.
High jump, girls 8 years—1, D. Hemmick; 2, Nancy White.
High jump, girls over 12 years—1, Gordon Ingles; 2, Bobby Ford.
40 yards, junior boys—1, Charlie Harrison; 2, Graham Verley.
40 yards, boys, open—1, Chris Usher; 2, Charles Haywood.
High jump, girls 12 years—1, Margaret Bell; 2, Margaret Watson.
High jump, boys over 12 years—1, Charlie Harrison; 2, Bobby French.
Long jump, junior boys—1, Graham Verley; 2, Charlie Harrison.
Long jump, senior boys—1, Charlie Harrison; 2, Chris Usher.
High jump, girls over 12 years—1, M. Bell; 2, M. Watson.
High jump, boys over 12 years—1, C. Harrison; 2, James Brandon.
Potato race—1, Rod McInnes; 2, Gwynne Griffin.
Sack race—1, Alan Griffin; 2, Vera Hemmick.
Steeplechase—1, Mary Hayden; 2, Muriel Fisher.
Junior girls' relay—Division 5.
Junior boys' relay—Division 5.
Senior girls' relay—Division 5.
Senior boys' relay—Division 2.

GAMMON HEARING
Halifax, May 21.—The preliminary hearing of Duncan Gammon of Pictou, N.S., charged with the murder of his English law bride, Sarah Gammon, somewhere between Truro and Pictou, last September, was adjourned to-day for one week. Stipendiary Magistrate Clancy stating he had not had time properly to consider the evidence.

BARRED FROM BRITAIN

London, May 21.—The London Morning Post says the British Government is refusing to admit the delegates from Russia and other European countries who proposed to attend the annual conference of the British Communist Party at Glasgow May 30.

**FLAMES SWEEPING
TOWARDS VILLAGE**
Seventeen-mile Path Already Cut by New Brunswick Blaze
High Wind Adds to Danger of Massed Fire Fighters

Richibucto, N.B., May 21.—Swept by a high wind, fire, which originated in the Galloway District yesterday, was this afternoon sweeping forward with unabated fury. Four homes and outbuildings were destroyed and it is believed that two other barns in the vicinity of Bell's Mills were also burned. So far the flames have covered a distance of nearly seventeen miles and in many places their path is more than half a mile in width.

Unless rain comes it is doubtful if the flames can be halted before they reach Richibucto. Village which lies directly in line with the fire on the coast.

Fire fighters from all parts of the district are combating the blaze to-day. The work is made dangerous by the high wind, which, carrying the embers overhead, threatens to hem the men in.

It is believed that loss in timber along with the loss of \$100,000 on farm buildings, only a few of which are insured, the loss will be at least \$30,000.

**Girl Who Killed
Woman Exonerated**

Chicago, May 21.—Lucille Wunsch, the sixteen-year-old high school girl who fatally shot Miss Agnes Simmeck, to whom her father, William Wunsch, was paying attention, and accidentally wounded her father and mother, was exonerated by a coroner's jury to-day.

Miss Simmeck died in a hospital last night.

The jury held that Lucille had "suffering from a hysterical frenzy" brought on by a scuffle between her mother, Mrs. Wunsch, and the slain woman.

"I shot at her, yes," Lucille said calmly. "True, she deserved it but that wasn't my intention. No, I simply fired to scare her. I didn't know I had wounded her."

LONG ARRAY OF ENTERTAINMENTS FOR HOLIDAY

Victoria Day Celebrations to Continue For Four Days

Monday is Statutory Holiday and Closes With Frolic

Decorated with flags, Victoria will welcome over the week-end hundreds of visitors to four days of sports, celebrations and festivities, organized in commemoration of Queen Victoria's birthday, now recognized throughout the Empire on May 24 as Victoria Day, and Victoria city's most popular holiday.

To-morrow afternoon the annual schools sports will take place at the Willows, being the first of the series of events marking the celebrations. In the evening the Afton Club will join the Presbyterian Church choir in a musical recital, commencing at 8 o'clock, when the concerted numbers to be sung at the British Columbia Musical Festival in June will be rendered.

On Saturday afternoon a grand parade of decorated bicycles will be held downtown at 2 o'clock, followed by races and roller skating contests on Yates Street. At 3.30 o'clock at the Royal Athletic Park a soccer game will be played between Lady Smith and Esquimalt teams, this being the feature athletic event of the day. An informal dance at the Armories with music by the Fifth Regiment Band, will close the evening.

SCHOOLS' DEMONSTRATION
Victoria Day proper falling this year on Sunday, a patriotic display in front of the Parliament Buildings by the school children has been organized by the Municipal Chapter, I.O.D.E., and will commence at 10 o'clock. A parade of thousands of children, singing and brief ceremonies will feature this popular event.

On Sunday afternoon the commemorative musical festival at the Arena will commence at 3 o'clock, being under the patronage of Lieutenant-Governor W. C. Nichol. The proceeds of this event will be donated to the Royal Jubilee Hospital.

Monday, May 25, will be a statutory holiday this year, and officially considered as Victoria Day. The program offered includes baseball, both morning and afternoon, at the Royal Athletic Park; a grand naval and military gymkhana at the Willows in the afternoon, the day closing with a frolic and dance at the Armories, marked by novel entertainment features.

NEW SIX-ROOMED STUCCO BUNGALOW

POSSESSION OF OASIS DISCUSSED

Cairo, Egypt, May 21.—The Egyptian Government having finished examining the report submitted by the commission sent to Jarabub to study the frontier question has notified Italy it is now prepared to negotiate the question.

It is understood Egypt stipulates the negotiations must not be hampered by the Milner-Scalioja agreement of 1922 which she refused to recognize, and that the result of the negotiations shall be submitted to the Egyptian Parliament.

Observers here do not believe Italy will accept these conditions.

The Jarabub area, possession of which is in dispute between Egypt and Italy, is an oasis on the frontier of Tripoli. Egypt refuses to recognize the Milner-Scalioja agreement because it was negotiated between the British and Italian Governments before Egypt attained her present position as an independent nation.

Material has been brought up here in preparation for the laying of steel on the C.N.R. to Cottonwood. Fishing has greatly improved during the last few weeks and both hotels have been filled to capacity during week-ends.

Miss Marion Lockwood has returned to the lake after spending a week in Victoria.

BASEBALL SEASON OPENS AT CHEMAINUS

Cheminus, May 21.—In a mid-island baseball game on the new recreation ground Sunday Nainaimo beat Chemainus 10-4. Owens, pitcher for Chemainus, hurt his arm in first innings, and had to be replaced by Horton. Being the official opening of the new recreation grounds the Chemainus citizens' band was in attendance. The game was umpired by Richardson and Jacobson.

The line-up of the teams follows: Nainaimo—Bailey, I.F.; Aitken, S.S.; Brown, C.; Nibbel, C.; Courtney, 2b.; Milburn, r.f.; Edmunds, 3b.; Perry, 1b.; Neave, c.; Beattie, of. Replaced Neave in eighth.

Cheminus—Brown, c.; Howe, 2b.; English, r.f.; Horton, 1b.; Smith, 3b.; G. Robinson, s.s.; McKinnon, 1b.; McCarty, c.f.; Owens, p. and I.F.; Wyllie, I.F.; Robinson, c.f. Replaced Owens fourth. Replaced McCarty in seventh.

The Rev. B. E. Spurling is visiting Mr. White, Maple Bay, for a few days.

Mrs. A. Howe was a week-end visitor to Victoria.

NANAIMO SECURES PREMIER HONORS IN FIRST AID WORK

Nanaimo, May 21.—The result of the examinations in first aid work conducted by Col. C. A. Hodgetts, Director-General, Ottawa, throughout the Province recently were received here by W. H. Thorpe, secretary of the First Aid and Mine Rescue Association of the Western Fuel Corporation, showing Nanaimo has captured premier honors for the Province, as follows:

For Provincial Shield—1. Nanaimo "A" team; 2. Nanaimo "B" team; 3. Chemainus; 4. Cassidy; 5. Cumberland.

Lieutenant-Governor's trophy for ladies first aid and home nursing—1. Nanaimo "B" team; 2. Nanaimo "A" team; 3. Cumberland.

Wallace Nesbitt Junior competition—1. Nelson; 2. Trail; 3. Nanaimo.

COWICHAN LOGGER DIES FROM INJURIES

Was Struck by Choker at Charter Company's Camp

Special to The Times
Lake Cowichan, May 21.—Allan Roden, 35, died in Duncan hospital at 3 a.m. Tuesday morning from injuries received while in the employ of the Charter Logging Company. Roden was struck by a choker, while being drawn back by the haulback, caught on a stump and was thrown forward, striking the unfortunate man on the abdomen. He was thirty-five years old, unmarried and leaves two sisters.

Material has been brought up here in preparation for the laying of steel on the C.N.R. to Cottonwood. Fishing has greatly improved during the last few weeks and both hotels have been filled to capacity during week-ends.

U.S. QUOTA SCHEME FOR CANADA URGED

That and Other Recommendations Made by Eugenics Committee of U.S.

Chicago, May 21.—The sub-committee on restrictive immigration of the Eugenics Committee of the United States announced its recommendations concerning alien entrance into the country, all of which have to do with the enforcement of existing laws, or with changes in these laws which the committee says could be made without altering the fundamental legislative principles enacted. The report was made public here by Harry Olson, chief justice of the municipal courts and a member of the committee.

"Our immigration laws should at all times be rigidly enforced," says the report, "and all border-line cases, which are mostly those liable to become public charges, should be handled by the courts. The report also recommends that all appeals should be based on evidence only, as the law intended, and not on personal representations or political influence."

BOND SYSTEM

"Aliens should no longer be admitted on bonds. They should either come in clear, or, if they are unfit, should not come in at all. The steamship companies should be held strictly accountable for making the preliminary examination before embarkation which the law requires, and they should be fined in every case in which it appears an alien has been brought here who is inadmissible under the law, and whose inadmissibility could have been detected by a proper examination at the port of departure."

"Registration of aliens should be required by law. The time limit for deportation of those who are eugenically undesirable aliens who, from causes not affirmatively shown to have arisen subsequent to entry into the United States, have become members of these classes, should be removed. Higher physical standards and, as recommended by this committee in its first report, higher mental standards should be required of all aliens."

Concerning the Immigration Act of 1924, the committee says "it should be maintained and strengthened in such respects as experience in practice shall indicate to be necessary for the fulfillment of its fundamental purpose."

The extension of quota limitations to the countries of the Western

Alberni News

Special to The Times

Alberni, May 21.—The post office has been moved into new quarters on Main Street. The City Council in conjunction with the various property owners concerned has completed the fill at the foot of Johnston Street and adjoining the Alberni Motors, the post office and Mrs. M. T. Holt's store. The filling of this big hole has now removed what has been an eyesore to the residents of the district for many years.

LADIES AID

The Ladies Aid of St. Andrew's Presbyterian Church held a successful sale of work, home-cooking and candy Tuesday afternoon in the English Church Hall, when there was a good turnout. The various stalls were in charge of the following ladies: Candy, Mrs. H. A. Hoard; home-cooking, Mrs. G. Forrest; variety stall, Mrs. D. Parker, and women's work, Mrs. C. Murray, Mrs. J. Croll and Mrs. J. McKenzie. As a result of their efforts the ladies took in about \$90 at the sale. Afternoon tea was also served by a number of the ladies.

WATER METERS

At the regular meeting of the City Council on Monday night, the council by unanimous vote decided to start installing water meters on some of the consumers with the ultimate object of completely metering the city in the next five years. The council also made the usual grant to the committee in charge of the Dominion Day celebrations. The ladies' aid of St. Andrew's Presbyterian Church held a successful sale of work, home-cooking and candy Tuesday afternoon in the English Church Hall, when there was a good turnout. The various stalls were in charge of the following ladies: Candy, Mrs. H. A. Hoard; home-cooking, Mrs. G. Forrest; variety stall, Mrs. D. Parker, and women's work, Mrs. C. Murray, Mrs. J. Croll and Mrs. J. McKenzie. As a result of their efforts the ladies took in about \$90 at the sale. Afternoon tea was also served by a number of the ladies.

TOURING THE ISLAND

Alberni W. H. Cullin, accompanied by a party of young ladies from the Alberni and Vancouver Island Publicity Bureau, who were taking a run over the various tourist routes, with a view to being able to give reliable information at first hand as to the conditions of the roads, scenic beauties, etc., was a visitor in the city for a short time yesterday.

Mrs. A. Erickson an old-time resident of this city, arrived on yesterday's train to visit friends here. Mrs. Erickson has lived in many years in the postmistress here, but now resides in Victoria with her son, W. A. Erickson.

The Rev. H. A. Bain of St. Andrew's Presbyterian Church, who changed pulpits on Sunday last with the Rev. James Hood of the Cumberland Presbyterian Church, the latter is leaving for home this morning, being taken over the mountain as far as Parksville by Rev. Mr. Bain.

H. Waring was a passenger on this morning's train to Vancouver.

H. E. Beasley, general superintendent, and J. D. Fraser, superintendent of the E. and N. Railway Company, were in the city Tuesday on a tour of inspection over the company's lines.

TO SEEK CONTINENT IN ARCTIC REGION

Donald B. MacMillan Now Having Ships and Planes Prepared in Eastern U.S.

New York, May 21.—Donald B. MacMillan, noted explorer, in town after the christening yesterday of the Peary, one of the two ships equipped there with aeroplanes, which will leave for the North June 17 under his command, told today of the frigate of an unknown continent, which is luring him to the Arctic again.

"We believe there is a vast unexplored continent possibly 1,000,000 miles in area, to the West of North Greenland," he said.

Admiral Peary named it Crokerland, but had only indirect evidence of its existence. Both Admiral Peary and I saw the mirage or reflection of it in the sky repeatedly, and the action of the tides and the condition of the ice surrounding the area are additional scientific indications of its existence."

Horses and Riders Fell in Tangled Heap

Special to The Times
Sydney, Australia, May 21.—The Sydney Cup of 1925, run on Australia's premier course at Randwick, will go down as one of the most sensational in the history of the race. The utmost excitement prevailed as the field was dispatched on its two-mile journey, but within half a minute the cry went up: "Something has fallen!" Six horses and riders had fallen and become entangled, and as the other horses of the big field bore down on them the scene was like the melee of a cavalry charge.

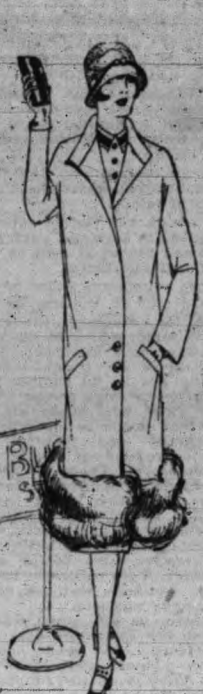

First Kingsley fell, and in quick succession Speartell, Prince Minimus, Wallerack, Royal Route and Backwood came down. Hundreds rushed to the spot and the injured were quickly removed from the track proper, leaving the way clear for the race to continue. Several horses were badly injured, and Kingsley, having broken a shoulder, had to be shot. Punters lost heavily through the smash, as on Speartell, alone \$190,000 had been laid.

LABOR CONFERENCE

Geneva, May 21.—The seventh international Labor Conference named three commissions yesterday to study the questions of workmen's compensation, occupational diseases and social insurance.

Angus Campbell & Co. Ltd.

1010 GOVERNMENT STREET

New Coats Specially Priced

for Holiday Selling at

\$29.95 and \$39.00

TO SEEK CONTINENT IN ARCTIC REGION

Donald B. MacMillan Now Having Ships and Planes Prepared in Eastern U.S.

New York, May 21.—Donald B. MacMillan, noted explorer, in town after the christening yesterday of the Peary, one of the two ships equipped there with aeroplanes, which will leave for the North June 17 under his command, told today of the frigate of an unknown continent, which is luring him to the Arctic again.

AWAITING DEATH, MEN PLAY CARDS

London, May 21.—The correspondent of The London Daily Express in Sofia in a dispatch says he was allowed to visit the Communists recently condemned to death for the St. Basil's Cathedral bomb outrage and other subversive acts, and was permitted to converse with them freely. He found them cheerful, chatting, smoking and playing cards, although expecting execution. He saw no signs of the men having suffered from the bastinado or other physical torture or any bodily harm. The correspondent quotes a notorious international crook, Christian Journa, otherwise Thomas Murphy, as saying he was treated in the Sofia prison far better than he had been in Sing Sing.

TO REDUCE DUTY

London, May 21.—The Treasury has announced that Winston Spencer Churchill, Chancellor of the Exchequer, proposes to reduce the customs duty on made-up articles of silk from 33 1/2 per cent to 10 per cent where the value of the silk or

explorer, her son, Robert, and Dr. Gilbert Grosvenor, president of the National Geographic Society, under whose auspices the trip will be made.

Soon after the ceremony the Peary, with Commander MacMillan, left for Boston.

PAY UP AND END WAR

IT IS NONE OF THE REST of the world's business if public men and politicians in the United States disagree upon the manner in which the neighboring republic should set about collecting its debts from those European countries which are not hurrying to make the necessary arrangements. One school takes the view that if pressure were to be applied at this stage, the whole fabric of European economics might crumble and produce wholesale repudiation by the chief debtor nations. Another school is impressed with the idea that the wasteful business of piling up armaments and the indulgence in international pin-pricking will only be stopped by a direct demand for payment for the last war in full.

One Bank of England authority and several other financial experts on both sides of the Atlantic argue that both France and Italy could now begin to liquidate their debts to Britain and the United States if they would set about the task as Britain did herself when she refunded her liability to her only creditor. Not even the school which would hesitate before prodding the debtors seems to be able to produce anything to the contrary. The question of payment, that is as far as the uninitiated may view the subject, thus appears to resolve itself into one of sentiment rather than one of economics. Here arises the point as to the merit of a wealthy nation viewing its debts from the impractical standpoint. Would nations apparently unprepared to make very substantial contributions to the armament junk pile—at least until such a procedure had been preceded by security pacts or other arrangements of doubtful value—employ the temporary accommodation to further the pursuit of peace to the fullest extent? This is a debatable point. Would it not be more to the point to swallow the medicine as quickly as possible and learn the lesson which might only be half learned by treating debts as sentimental issues? Paying up should teach caution.

A COSTLY LEGACY

THE MACKENZIE KING Government inherited from the Meighen Government an increase of \$2,000,000,000 in the national debt, a railway system that was losing about \$70,000,000 a year, a merchant marine which cost over \$65,000,000 to build and which also operated at a substantial loss, an inflated civil service, and other obligations which with those we have mentioned are bound to handicap Canadian Governments for generations.

The stern exigencies of war were responsible for a large part of the two billion increase in the debt, it is true, but a very large proportion of it arose from fearful waste and bad financing. The Government of the war-time period financed this country's part in the conflict entirely from borrowed money, raised mainly from tax-free bonds, thereby fashioning a mill-stone around the neck of the Canadian people for many years.

The uncontrollable expenditures of the present Government, consisting of fixed obligations inherited from its predecessors, comprise almost three-fourths of its entire expenditure of \$342,000,000, leaving it with less to run the ordinary affairs of the country than any Government had immediately prior to the war. It was indeed an awful mess that Mr. Meighen handed over to Mr. Mackenzie King with the reins of office, and worse even than that, he is doing his utmost to prevent it being cleared up.

TWO SERMONS

THERE LIVES IN VANCOUVER a "young" man by the name of Quick—familiarly known to practically everybody as "Dad." His age is 105. By trade he is a saddler. He has worked at it all his life. But "Dad" is quite annoyed. He has had to spend three months in hospital and now that he is out again he has found an enormous amount of work waiting his expert hands.

"Being sick knocks business on the head, and I can't afford to get that way again. Got six months' work piled up on me now and don't see any let-up for some time. Lost a couple of good orders, too."

In the foregoing manner this 105-year-old saddler sums up his chief complaint.

Another item in the news is about Mrs. Mary Paige of Joliet, Ill., who has just passed her 107th birthday. She is able to get about and regularly assists her eighty-two-year-old daughter, with whom she lives, with the housework. Here is a sample of her philosophy: "People are kinder to-day than they used to be and the world is getting better all the time."

"Dad" Quick and Mrs. Paige could write a sermon between them that might not be understood by many of the present generation. There is a philosophy which the glare and garishness of modern civilization have faded. But it is refreshing that 105 and 107 can still look out upon the many peculiar complexes of this life and still grumble that illness has interfered with the labors of the day—still say that "people are kinder to-day than they used to be."

INJURING INDUSTRY

IF CANADA COULD GET cheaper ocean freights, the musical instrument manufacturers in this country could successfully compete with American manufacturers in the British market. This is the gist of a statement made to the McMaster committee at Ottawa the other day by the head of the Dominion Organ Company of Bowmanville. He supported his declaration with this: "We could even stand a 300 per cent. increase in the freight scale which existed before the war, but we can't stand a 700 per cent. increase as we now have."

This witness pointed out to the committee that his firm is doing practically no business with the United Kingdom because it costs too much to transport its products across the Atlantic to the Old Country market. This was particularly aggravating to this branch of Canadian industry because the demand for this country's product at the present time is greater than it has been for some time past, inability to satisfy it on anything like a profitable basis being occasioned solely by excessive steamship charges.

Mr. Meighen and his followers care nothing about the difficulties under which the Dominion Organ Company has to trade in Great Britain. At every turn they do everything they possibly can to discourage the efforts of the King Government to bring about more favorable conditions for Canadian trading. Their own inconsistency in this matter is explained by their frantic bid for anything which they think they can turn into political advantage. It ought, moreover, to be reasonable to suppose that the Conservative Party is quite gratified that Mr. Churchill thought fit to reimpose the McKenna duties. Mr. Meighen and Dr. Tormie are constantly reminding the people of Canada that high protection is the short cut to national prosperity. In the case of the Dominion Organ Company there is seen an important Canadian industry trying to market its product in Great Britain under a handicap in the shape of ocean freight rates amounting to a 700 per cent. increase over the pre-war charge, plus the McKenna duties on all musical instruments now imported into Great Britain.

Mr. Meighen and Dr. Tormie are belittling the Government's attempt to reduce rates, and, if they run to form at all, they are figuratively patting Mr. Churchill on the back for the action he has taken to protect the British musical instrument trade against Empire or foreign competition. Neither party for people in this country may do anything in respect of the domestic policy of Britain; but all parties and people might at least get behind a proposal in which their influence could be made effective in Canada's behalf.

Frost and snow visited some parts of the East the other day. Victoria just said: Phew!

DR. FRANK CRANE

THE GREEK AND THE GOTHIC

THERE are two outstanding styles of architecture, the Greek and the Gothic.

In common terms we may say that the Greek consists in plain lines and in simplicity and directness, while the Gothic is pointed and ornate.

Corresponding to these two styles of architecture there are two kinds of minds.

There is the Gothic type which functions in mystery, poetry, darkness and hints. It runs to ornament and adornment.

Such minds are those of Shakespeare and of William Yeats. On the contrary, there is the Greek mind, which is the mind of a lawyer or a scientist.

It moves in straight lines. Its beauty lies in its simplicity.

There are some people who ridicule those who study art. They say that music is an adventitious and adornment of life is entirely unnecessary. These are the Greek minds that ridicule the Gothic.

On the other hand there are Gothic minds that ridicule the Greek. They are artists who claim against the business man, the scientist, the doctor and the lawyer. They call life men plodders, routinists, and use other opprobrious epithets.

There is the same conflict between the two types of mind. One seeks adornment and the other is all for simplicity and logic.

There is no necessity for conflict between the two types of mind. We need them both.

Perhaps the best sort of person is one that can appreciate the simplicity of the Greek and also the charm and mystery of the Gothic style.

There is no virtue so truly great and godlike as justice. —Addison.

The improvement of the understanding is for two ends: first, for our own benefit; secondly, to enable us to deliver and make out that knowledge to others. —Locke.

Language was given to us that we might say pleasant things to each other. —Bovee.

Our being is made up of light and darkness, the light resting on the darkness, and balancing it. —Caryle.

I doubt whether those who thought very little of life. —Huxley.

Have wandered and sought, in peace and in strife, For gold and for treasures, have even found time. —Lytton.

To understand man we must look beyond the individual man and his actions or interests, and view him in combination with his fellows. —Caryle.

Dreams, indeed, are ambition, for the very substance of the ambitious is merely the shadow of a dream. —Shakespeare.

Let him be wretched who thinks himself so. —Span. Proverb.

Health is the vital principle of bliss. —Thomson.

Glory is a power when our heart says to us that the breath of honor ought to grace our head. —Krummacker.

Each man is a hero and an oracle to somebody, and to that person whatever he says has an enhanced value. —Emerson.

Good name in man and woman, dear my lord, Is the immediate jewel of their souls. Who steals my purse, steals trash; 'Twas mine, 'tis his, and has been sold, But he that steels from me my good name Robs me of that which not enriches him, And makes me poor indeed. —Shakespeare.

Other People's Views

CONGRATULATES DR. DAVIES

Letters addressed to the Editor and intended for publication must be short and to the point. The longer an article the more chance of its being lost.

To the Editor:—I would like, through your widely read paper, to congratulate the Rev. Clem Davies, D.D., on the "New Men" address, delivered in the City Temple last Sunday night, May 17, on the topic, "New Men, for a New Church, for a New Age."

It was certainly a timely address in these days of church union, and gave us much food for thought. A message long to be remembered by those who were there, and I am sure must have been very much appreciated by the large number of Methodist ministers who were privileged to be there and heard it.

I would like to congratulate Dr. Davies on the Christian spirit of exemplified in extending friendly greetings and good wishes to the B.C. Methodist Conference in the Metropolitan Church. In so doing I am sure he has acted in the spirit of God and a Christian gentleman for we are not so far away from what happened at the Centennial Church a year ago to forget the treatment handed out to that church. He surely has fulfilled that passage of scripture which says: "Love them that hate you and persecute you."

There is the same conflict between the two types of mind. One seeks adornment and the other is all for simplicity and logic.

There is no necessity for conflict between the two types of mind. We need them both.

Perhaps the best sort of person is one that can appreciate the simplicity of the Greek and also the charm and mystery of the Gothic style.

MUSIC FESTIVAL

OF MAY 24 TO AID

JUBILEE HOSPITAL

Aims and Objects of Sunday's Ambitious Concert Explained By Convener

The aims, objects, plan of financing and proposed disposition of the proceeds of the ambitious musical festival which is to be part of the May 24 celebration, is set forth in the following interesting statement by Harry Charlesworth, convener of the musical committee of the Victoria Jubilee Hospital.

"May 24 is Victoria's special day, a day that always will be associated with the great Queen after whom our city is named."

"It is peculiarly fitting that each year the citizens as a whole should, by community effort, hold some form of commemoration—and as the date of the festival falls on Sunday, the most appropriate form is certainly the musical festival, with a programme of sacred and patriotic music."

"The festival will be under the distinguished patronage of His Honor Lieutenant-Governor W. C. Nichol, who will arrive at 2 p.m. and will be received with full military honors."

"The committee decided that this year a great effort should be made to obtain, through the festival, some concrete and permanent memorial to Queen Victoria's memory, and were of the opinion that the most suitable way of accomplishing this end would be to complete and equip a 'treatment room' at the Provincial Royal Jubilee Hospital. This room will be available for dressing and minor operations, and will be a source of benediction to many citizens who may be in need of treatment."

"It is the hope of the committee to raise the sum of \$1,000 for this purpose. This can only be done by a real civic spirit, and a wholehearted cooperation of the entire community."

"Many have already shown their willingness to do even more than department stores and apply a little of it, night and morning, and you should soon see that even the worst freckles have begun to disappear, while the lighter ones have vanished entirely. It is so true that more than an ounce is needed to completely clear the skin and gain a beautiful complexion."

"Be sure to ask for the double strength Othine as this is sold under guarantee of money back if it fails to remove your freckles."

"At all drug or department stores or by mail, Othine, P.O. Box 2016 Montreal, Canada. (Adv.)"

Now is the Time to Get Rid of These Ugly Spots

There's no longer the slightest need of feeling ashamed of your freckles, as Othine—double strength—is guaranteed to remove these homely spots. Simply get an ounce of Othine—double strength—from any drug or department store and apply a little of it, night and morning, and you should soon see that even the worst freckles have begun to disappear, while the lighter ones have vanished entirely. It is so true that more than an ounce is needed to completely clear the skin and gain a beautiful complexion."

"Be sure to ask for the double strength Othine as this is sold under guarantee of money back if it fails to remove your freckles."

and a splendid photograph of Queen Victoria taken in 1897, the year of the diamond jubilee. These are available in many of the city stores and business houses, as well as at The Colonist and Times offices. The entire proceeds from such sale goes to the hospital room. Every ten cents given means a full ten cents for the equipment of the room. Second, a collection will be taken at the Arena, and the entire collection will also be given to the hospital room. This collection will be counted by representatives from the city banks, and an announcement of the amount made from the platform before the close of the festival.

OPPORTUNITY FOR CITIZENS

"Thus it will be seen that there is a unique opportunity for Victorians to make this year's celebration a significant and a memorable one."

"The plans have been most carefully made. No effort has been spared by the hundreds taking part. Will the citizens respond? There should be little doubt on this point."

"In conclusion we would, for practical support in one or all of the four ways: First, by direct subscription to His Worship Mayor Pender; or The Times or The Colonist; such subscriptions will be acknowledged. Second, by purchase of subscribers' tickets. Third, by purchase of souvenir programmes. Fourth, by attendance and as a liberal contribution to collection as possible."

"Let Victoria act as a united community on its own day!"

"Thus it will be seen that there is a unique opportunity for Victorians to make this year's celebration a significant and a memorable one."

"The plans have been most carefully made. No effort has been spared by the hundreds taking part. Will the citizens respond? There should be little doubt on this point."

"In conclusion we would, for practical support in one or all of the four ways: First, by direct subscription to His Worship Mayor Pender; or The Times or The Colonist; such subscriptions will be acknowledged. Second, by purchase of subscribers' tickets. Third, by purchase of souvenir programmes. Fourth, by attendance and as a liberal contribution to collection as possible."

"Let Victoria act as a united community on its own day!"

and a splendid photograph of Queen Victoria taken in 1897, the year of the diamond jubilee. These are available in many of the city stores and business houses, as well as at The Colonist and Times offices. The entire proceeds from such sale goes to the hospital room. Every ten cents given means a full ten cents for the equipment of the room. Second, a collection will be taken at the Arena, and the entire collection will also be given to the hospital room. This collection will be counted by representatives from the city banks, and an announcement of the amount made from the platform before the close of the festival.

OPPORTUNITY FOR CITIZENS

"Thus it will be seen that there is a unique opportunity for Victorians to make this year's celebration a significant and a memorable one."

"The plans have been most carefully made. No effort has been spared by the hundreds taking part. Will the citizens respond? There should be little doubt on this point."

"In conclusion we would, for practical support in one or all of the four ways: First, by direct subscription to His Worship Mayor Pender; or The Times or The Colonist; such subscriptions will be acknowledged. Second, by purchase of subscribers' tickets. Third, by purchase of souvenir programmes. Fourth, by attendance and as a liberal contribution to collection as possible."

"Let Victoria act as a united community on its own day!"

DYNAMITE AND
THRILLS OFFERED
IN COLUMBIA SHOW

Fred Thomson is appearing in "The Fighting Sap" at the Columbia to-day.

Thomson escapes death by a hair's breadth by jumping to an overhanging beam as tons of rocks come crashing underneath him; when silver King unties him in the nick of time as he is about to be blown into eternity by a can of dynamite.

He emerges victorious from a hundred fights in the most dramatic climax ever seen on the screen.

It's a picture that will thrill every second.

PURPLE RAY IN
FILM CREATES
INVISIBILITY

The purple ray of light which furnishes the motif for "The Unknown Purple" has always been looked upon even in scientific circles as something of a mystery. It is more of a coincidence that the Roentgen ray, commonly known as the X-ray, gives West's adaptation of his play, which is being shown this week at the Coliseum Theatre the purple ray used gives the possessor the power of making himself invisible.

It takes clever people to tamper with classical music and burlesque it still leaving the audience satisfied with good music well sung and a hearty laugh thrown into the bargain, yet this is what the Hinks Company is achieving this week at the Coliseum Theatre in their presentation of "Peter the Great."

FINE PROGRAMME
BY ORCHESTRA AT
DOMINION TO-NIGHT

The Dominion concert orchestra will play a special programme of popular music to-night in conjunction with the screening of Raymond Griffith's comedy drama, "The Night Club," at the Dominion Theatre. Among the many popular dance hits to be featured to-night are: Selection, "Rose Marie," "Fox Trot," "Oh, Those Eyes," "Kaiser," "I Want to Be Happy," "You-ma-yo," "Lullaby," "Berlin," "The Specialty Number," will be the overture, "Zigeunerweisen," specially arranged by Director of the Orchestra. This week's show will also be interpreted by the orchestra.

ROBERTSON SCORES
ANOTHER TRIUMPH
WITH "NEW TOYS"

John S. Robertson who directed Richard Barthelmess' newest First National production, "New Toys," now at the Capitol Theatre, has a number of successful photoplays to his credit.

Robertson jumped to the forefront of American screen directors by filming "Sensational Tommy," Barrie's delightful whimsy. This production lifted May McAvoy to stardom on the screen.

Another noteworthy Robertson production was "Dr. Jekyll and Mr. Hyde," which proved to be John Barrymore's most popular film vehicle. Robert's latest color picture, "The Sign of the Cross," has a high interest in this adaptation of Stevenson's immortal story. "Dr. Jekyll and Mr. Hyde" revealed Nita

Naldi, then a concert girl dancing on the Century roof in New York, as a new and vibrant film personality.

Robertson produced "Footlights," one of Elsie Ferguson's most popular pictures. He directed Mary Pickford in her famous revival of "Tess."

In directing Barthelmess, Robertson has had several big hits to his credit. His adaptation of Joseph Hergeheimer's "The Bright Shaw" was very popular. His production of "The Enchanted Cottage," a fragile and brilliantly done fantasy, was pronounced one of the ten best pictures of the year. Robertson produced Barthelmess' most popular vehicle to date, "New Toys," however, bids fair to eclipse the hit of "Chas-mates."

NO SUCH THING
AS BORN WOMAN
HATER, GRIFFITH

A born woman-hater? There is no such person.

Authority for this statement is Raymond Griffith, who in Paramount's "The Night Club," plays the role of a young man who professes to have a strong dislike for all women.

"It is only a question of meeting the right girl," Griffith claims. "Many men never meet this girl, however, and go through life believing they hate the whole feminine sex."

One reason for woman haters is illustrated by the young idealist on a figurative pedestal, at the scene of which he prostrates himself in worship. When he becomes disillusioned he goes to the opposite extreme, as in "The Night Club," and renounces womankind.

Featured with Griffith in the cast of "The Night Club," which plays at the Dominion Theatre all this week are Vera Reynolds, Wallace Berry and Louise Fazenda. The picture is based on the William de Mille stage play, "After Five," and was directed by Frank Urson and Paul Iribe, who made "Forty Winks."

"THE LADY BUGS"
AT THE PLAYHOUSE
FEATURES COMEDY

"The Lady Bugs," presented by the Frank Morton Company at the Playhouse this week offers almost unlimited opportunities for fast and furious fun making, and the clever comedian and his talented company haven't overlooked a single comedy point. Morton is at his best in blackface as the result that there is not a dull moment in the show. Pretty girls, catchy numbers and some of the prettiest costumes yet seen at the Playhouse greatly enhance the bill, which, with the society drama, "Nobody," as a screen feature, makes one of the best double programmes of the season. Underlined for next week's showing at the Playhouse are the sensational screen success "Anna Christie" and the Morton company in "The Pollies of Elsie."

"ANNA CHRISTIE"
PLAYHOUSE FILM
HERE NEXT WEEK

Love that glorifies and exalts; passion that sears and rends. These are the scenes for which every picture producer strives and yearns. These are the scenes that life screen offerings from the rut of the commonplace to the realm of the "unforgettable"; that make stars overnight.

Outstanding in the mind of every picture lover are favorite love scenes that live in memory long after productions themselves have been forgotten.

Thomas H. Ince has contributed one of the most powerful love scenes of recent productions in his screen adaptation of "Anna Christie."

There is no seductive moonlight; no shadowed arbor; no crackling fire as a background for this remarkable

He has painted a picture of a man's passion and told it in the cabin of a coal barge. This picture, a First National release, will be shown at the Playhouse Theatre next week.

Blanche Sweet has been a favorite with the picture followers since "Judith of Bethulia" lifted her to highest stardom. In "Anna Christie" she proves herself an emotional actress of first water.

Eugene O'Neill conceived a dramatic love scene that is unique and has been stamped with the approval of two continents as it has been portrayed on the stage in this drama. Ince has filmed it with a master's touch that promises to put the picture in the foremost ranks of the "great" productions of the silver-sheet.

SOLDIERS URGED TO
DISOBEY OFFICERS

Communists in Paris Object to Present Military Campaign in Morocco

Paris, May 21.—Alarming reports flashed abroad telling of serious reverses and heavy losses allegedly suffered by the French in their campaign against the Italian invaders in Morocco are being exploited to the full by the Communists and extreme Socialists in Paris.

The Communists have placarded the capital with posters appealing to the soldiers to disobey their officers' commands and attempting to stir up the people to manifestations against the dispatch of further reinforcements to Morocco.

This campaign has drawn from Premier Painleve a statement of the situation and a defence of the Government's policy, which says: "Thanks to the skill of the command and the precautions taken, the fighting has been far from involving heavy losses which certain persons allege."

U.B.C. Land Sales
Total \$37,395
On First Day

Hon. T. D. Pattullo, Minister of Lands, announces that there was sold yesterday at the sale of university lands, property to the value of \$37,395.

There were four applications to lease, twelve to purchase residential property. There were six applications to lease apartment property and two applications to purchase. For the business property there were fifteen applications; this property will not be sold, but only leased.

The minister gave instructions that the business property should be put up at auction to-day, as there were so many applications for the same ground.

AUSTRIAN FINANCE
IN GOOD CONDITION,
MABEE CABLE SAYS

Vienna, May 21.—(Special cable over Robert S. Mabree financial service)—The control committee of the League of Nations, which has been holding a session in Paris to consider reports from Commissioner Zimmermann, in charge of Austrian reconstruction, as commissioner of the League of Nations, has decided to use its good offices in the way of promoting free trade between the Austrian and other successor states. Each of the states can help the others materially in this way, and at the same time enable one another to save a huge expense in the way of maintaining customs guards at railway and highway crossings all along their borders.

The committee has likewise decided there is no reason for Austria to borrow \$20,000,000 offered by American bankers for railroad electrification, as the balance of the proceeds of the League of Nations loan, which has not been required to finance the Austrian Government and officials, anticipated at the time the loan was floated. These funds are available for the electrification, which will further decrease coal importations, a heavy burden on Austria.

Material progress in hydro-electric development has now greatly reduced Austria's coal importations. The recent financing in the New York market of such a development as a material accomplishment, which will go far in the rehabilitation of Austria. The company will produce a surplus which can be marketed in Bavaria and Italy; adding considerably to the export balance, the accomplishment of which means the economic salvation of the country.

Unemployment is showing continual decrease. Paper mills are working at full capacity and have regained most of the export trade they enjoyed before the war. The railroads have reduced excursion rates and have succeeded in increasing foreign tourist traffic, which brings a great deal of money into the country.

LEADERS OF SOVIET
DISCUSS BUDGET

Moscow, May 21.—Introducing the budget of the Soviet Union for the current fiscal year, which estimates revenue and expenditure both at 2,558,000,000 rubles, Commissar of Finance, Nikolai Preobrazhensky, despite predictions made at Geneva and The Hague of unavoidable financial failure, the Union of Soviet Republics has succeeded under conditions of a permanent financial blockade in creating order and solidity in the finances—a budget without a definite and stable currency, but with unshakable stability with reference to gold.

At the time of the monetary reform in 1924, he added, the whole currency amounted to 319,000,000 rubles. It was now 780,000,000.

The commissar declared settlement of the inter-allied debts would be impossible without participation of the Soviet Union.

Pacific Peace is
Object of Workers

Special to The Times
Melbourne, Australia, May 21.—The Victoria Labor Party has resolved to ask the federal executive to call immediately a Pan-Pacific conference of workers. Mr. Holloway, secretary of the Trades Hall Council, says that within the last few weeks the Labor movement in Australia has got into touch with "certain Japanese."

Another Labor leader, declaring that the next step in the Pacific, says Pacific countries should discuss the position and achieve an understanding between the workers of all the nations concerned to prevent war.

It is difficult, says Mr. Holloway, to get into touch with the workers' leaders in Japan. At Geneva he conferred with Japanese delegates and told them the Australian Labor movement was anxious to have a conference on the matter with the

Little Boy Was
Drowned in Spring

Vancouver, May 21.—News of drowning of two-year-old Allan McGillivray, son of Mr. Mrs. A. H. McGillivray, at Loughboro Inlet, was received here last night upon the arrival in Vancouver of the steamship Camosun.

The body of the child was brought to the city for burial.

According to the story told by the father, the boy was drowned in six inches of water. A small spring near the parent's shack. When discovered, the child's head was only partially covered with water and the feet were lying on the bank at the edge of the spring.

It is believed the boy was attempting to secure a drink and fell into the water.

DRILLANT CONCERT
FOR FRIDAY NIGHT

First Church Choir and Arion Club to Give Programme

To-morrow night, at the First Presbyterian Church, one of the finest and most interesting concerts ever given by local talent in Victoria will be provided by the splendid body of local musicians who will represent this city at the Vancouver Musical Festival to be held the first week in June.

The First Church choir and Victoria's male chorus, the Arion Club, will be assisted by many of the city's best known and most popular soloists. The object of the concert is to provide the necessary funds required to send such a large representation from this city. The admission charge is very modest and as the music to be rendered in competition at the Festival will be sung at this concert, great interest is being manifested and a very large attendance is anticipated. For the benefit of those who have been unable to secure tickets arrangements have been made to enable them to obtain admission at the door.

The programme in details follows: "The Hunt is Up" (Van der Stucken), The Arion Club; "Heart's Haven," (Vaughan Williams), Miss Nora Jones, L.A.B. contralto; (a) "Men of Erian" (Dr. James Lyon), (b) "Tears," (Dr. James Lyon), The Arion Club; "Eleanor," (H. R. Hulbert), Mr. Frank H. Partridge, tenor; (a) "Volga Boat Song," (Granville Bantock), (b) "Secret Love," (G. Wolgast), The Arion Club; Concertstück in A. (St. Saens), Miss Jessie Carter, pianist; (a) "Open Thy Gates," (Harrison), "Praise Ye The Lord," (Garrett), First Church Choir; "The Lorelei," (F. Liszt), Miss M. Wiesner, soprano; "Ho, Everyone That Thirsteth," (Martin), First Church Choir; baritone solo, (selected), Percy J. Edmonds, baritone; (a) "On Himalay," (Granville Bantock), (b) "Pierce Was the Wild Willow," (Noble), First Church choir.

URGING CONVENTION
ON LIQUOR QUESTION

Wisconsin Assembly Wants Divisions of U.S. to Debate Ending of Prohibition

Madison, Wis., May 21.—Enemies of prohibition won a two-fold victory in the Legislative Assembly of Wisconsin yesterday when the beer referendum and the move to memorialize Congress for a constitutional convention to consider repeal of the Eighteenth amendment were passed. In the first instance, the Assembly concurred by a vote of fifty-one to thirty-four in a resolution providing for a referendum on the general election in 1926 to modify the Volstead Act.

By a vote of forty-eight to thirty-eight the House adopted a resolution memorializing Congress to call a constitutional convention for repeal of the prohibition amendment.

The suggestion of Assemblyman Carl Koenig that milk be offered as a substitute for beer was drowned by the cry of several of his colleagues, who shouted: "We want beer."

ALLOWANCE MADE FOR
NEWSPAPER ARTICLES

Ottawa, May 21.—J. S. Woodsworth, Labor Centre Winnipeg, read an editorial from a local newspaper which he said accused the Government of "using Parliament for seemingly deliberate misrepresentations on the liquor question." Woodsworth, in charge of an electrical power and on a report on the Sarnia oilfield.

Mr. Woodsworth thought this not only reflected on the Government, but also on the honor of the whole House of Commons.

Premier King said he had not read the article, but that "some allowance should be made for articles appearing in the newspaper quoted."

THEATRE SUIT

Seattle, May 21.—Alexander Pantages and other officials of the Pantages Theatre Company were named defendants in a suit involving stock valued at \$500,000 filed in Federal Court yesterday by forty minority stockholders in four theatre companies, operating show houses in Minneapolis, Minneapolis, Salt Lake

Japanese Labor leaders. They were sympathetic, and promised to assist the scheme.

PLANNING TO CHANGE
QUEBEC LIQUOR LAW

Montreal, May 21.—According to The Montreal Gazette, amendments to the Quebec Liquor Act, which would permit the sale of liquor in restaurants and hotels, are being considered by the Quebec Liquor Commission. The amendments will be introduced at the next session of the Legislature by Judge Monnot of the Court of Appeal, who ruled that Liquor Commission police cannot arrest without a warrant a customer who has bought liquor illegally. The judgment has paralyzed the commission police in a campaign they had started to punish clients whose business induces others to transgress the law.

The Legislature will be asked to amend the law so any agent of the Quebec Liquor Commission who has introduced himself into premises and witnessed a person buying liquor from one not authorized to sell it may then and there arrest the client for being in possession of liquor irregularly acquired.

If You are a
Canada Life Policyholder

You are entitled to a Service which only commenced when your policy was issued. Do not feel that because you wish to avail yourself of our service it will be necessary to take on further life insurance. Our whole idea is to be of the greatest possible service to you, freely and without obligation.

Do You Know—

- (1) How the profits from your policy may be arranged to secure the greatest benefit?
 - (2) How your present policies may be made to fit into a program which will cover every financial need?
 - (3) How you can provide a guaranteed monthly income for your beneficiary?
 - (4) How you can arrange an income for yourself at age 60 or 65?
- These and other vital questions will be answered upon request.

Protect Your Health

Good Health leads to happiness, success and long life. It makes living worth while. It is largely of your own making, and can be attained, in most cases, by following the simple rules of right living as explained in the booklet, entitled—

"How To Keep Well"

The suggestions in this booklet are taken, for the most part, and by special permission, from the Review of Reviews' Course in Physical Training, Health and Life Extension, based on the Rules of Health formulated by the One Hundred Experts of the Hygiene Reference Board of the Life Extension Institute, New York. It is yours for the asking.

Bright Newsboy
Laid Foundation
For Great Shop

New York, May 21.—Ancient sport fans may recall that some time back in the early fifties there was staged in London the Heenan-Sayres fight, which attracted international attention.

There were no cables to the papers, no aeroplanes to rush pictures, as in the Dempsey-Gibbons fights, no enterprising newspapers to issue extras and to obtain the details there was nothing to do but wait until the next boat from London brought the English papers.

But it so happened that there was one enterprising youth with plenty of forethought. He was a newsboy, selling papers in front of the Hotel New York. His name was August Brentano.

It occurred to him that there would be a large demand for complete results and he made advance request for a large order of London papers. When the boat arrived Brentano was at the dock, and "cornered" the market. Before the day was over he was selling papers for \$1 each and cleaning up.

With this money was laid the foundation for the firm of Brentano newspapers and for a long time he probably the largest book-selling concern in America and the incident was recalled a few days ago when Brentano took over a new building in New York with a floor space of 30,000 square feet to be used entirely for books, magazines and other publications.

From the street stand, August Brentano set himself up with a book stand in 1863 on the site of his prize "scrap."

He believed there was a large American audience for European newspapers and for a long time he featured chiefly the foreign language papers, later adding books and magazines.

And he was right!

A Free State army commandant was taken out to dinner and decided then and there that it was high time to give a little more tone to the regimental mess. So he called his officers together.

"Boys," he said, "what we want is this mess is a bit more style, and well begin by having serviettes for dinner."

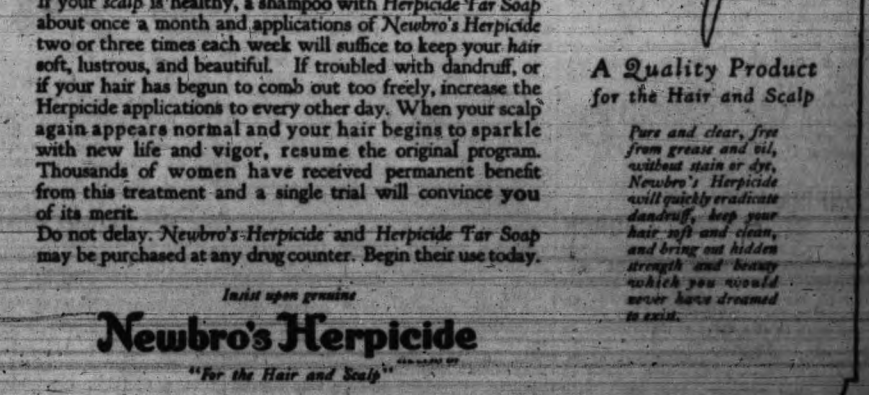

"Praise Heaven for that!" said the adjutant, "for I'm sick and tired of that everlasting cabbage!"

"Are You Tired
of Bobbed Hair?"

PERHAPS not, but no other trait is more distinctly feminine than the desire for variety and change, and, while hair modes may change almost overnight, they can only be observed by those having normal healthy hair easily adaptable to any style.

If your scalp is healthy, a shampoo with Herpicide Tar Soap about once a month and applications of Newbro's Herpicide two or three times each week will suffice to keep your hair soft, lustrous, and beautiful. If troubled with dandruff, or if your hair has begun to comb out too freely, increase the Herpicide applications to every other day. When your scalp again appears normal and your hair begins to sparkle with new life and vigor, resume the original program. Thousands of women have received permanent benefit from this treatment and a single trial will convince you of its merit.

Do not delay. Newbro's Herpicide and Herpicide Tar Soap may be purchased at any drug counter. Begin their use today.

A Quality Product for the Hair and Scalp

Pullman Porters To Have Fine Club

Colored Pullman porters will hereafter be among sociable brethren and be cared for like gentlemen when they reach Vancouver on their transcontinental or coast line sleepers. No longer will they be without a home while away from home waiting for their cars to be vacuumed and disinfected for a return journey.

Leaders in the movement to further the interests of Pullman porters have applied to the Government for permission to start a Pullman Porters' Club in Vancouver for the purpose of entertaining and accommodating all visiting porters. To-day the Government granted permission to the porters to start a \$5,000 club. There will be whist brooms in the new club, but no tips will be allowed.

NEWS IN BRIEF

Archdeacon Laycock is reported to be resting easily after an operation at the Jubilee Hospital to-day.

A charge of assaulting his wife preferred against Charles Bland in the Saanich court was withdrawn to-day at the request of the complainant. Differences had been settled between the parties and the wife was to be returned to her home. The case was told by D. S. Tait, counsel for the prosecution.

Twenty refrigerator express cars have been reserved for shipment of Gordon Head and Saanich strawberries to the prairie provinces this season. The crop will be much below normal unless plentiful rains are soon experienced.

Lodge No. 32 of the Daughters and Maids of England, will hold its regular meeting in the Harmony Hall on Friday evening at 8 o'clock. This is to be the last of the series of meetings. The officers' chairs will be filled by former presidents, and a good meeting is anticipated.

The action of Robert Kator and others vs. Wm. Noller opened in County Court to-day with Roy Manager for the plaintiff and D. S. Tait for defendant. The dispute is over an agreement of sale in respect to property that changed hands. Hearing continues.

While paddling in a dugout at Foul Bay yesterday afternoon Johnny Reide, twelve years old, of Crescent Road, was precipitated into the water when his frail craft capsized. Billy Crocker, a boy of the same age, also residing on Crescent Road, witnessed the mishap and, with an improvised raft effected a rescue with the assistance of others on the beach.

Permits for a number of new building operations have been issued by Building Inspector James Bart in the past two days. Alterations to the James Bay Hotel at a cost of \$1,900 have been authorized. H. P. Bigley has in hand additions to his home at 445 Foul Bay Road at a cost of \$1,500 and Alex. Stewart is building a \$3,000 residence at 1711 Leighton Road. In addition a number of garages have been authorized in the past few days.

The provincial annual meeting of the Navy League of Canada will be held to-morrow morning at 302 Pemberton Building. There will be delegates from all parts of the Province. All members of the Navy League are invited to attend. Major W. H. Langley, provincial president, will be in the chair. Among the speakers will be Captain Pyphus, R.N.R., retired; Major Layard of Deep Cove, and Mr. Maskell of New Westminster.

Where formerly existed an unsightly excavation, near the Post Office, members of the tourist group of the Chamber of Commerce and Publicity Bureau have made an attractive rock garden. The ugly pile of rocks have been skillfully arranged. Several loads of earth have been used and suitable plants placed in the garden. Flower boxes have been placed at each side of the gangway and the general effect now is most pleasing to visitors arriving on the Port Angeles ferry.

Three fires within three hours kept the fire department on the run between 7 and 10 p.m. yesterday. At 7 p.m. a chimney fire at 353 Hampshire Road was responded to by the fire engine. At 8:21 p.m. a roof fire at 1310 View Street gave a stiff fight before submitting to control. At 9:28 p.m. a chimney fire at Government and Herald Streets resulted in the turning in of alarm. Four boxes of damage in each case was confined to minor proportions, but as a high wind was blowing at the time the outbreaks were closely watched.

At the close of the hearing of J. R. Walker vs. the B.C.E.R. Company Limited in County Court yesterday, a jury of five men returned a verdict in favor of the plaintiff, in respect to a motor and street car collision some months ago. The question of whether plaintiff was negligent for failure to have in his possession a personal driving license at the time of the mishap was reserved for further argument. Frank Higgins, K.C., appeared for plaintiff, and Harold B. Robertson, K.C., for the defendant. On behalf of the plaintiff it was stated that he had applied for a license but had been told the cards were not ready for issuance. A few days later the accident occurred, stated plaintiff's counsel.

The South-Saanich Young People's Club met on Monday evening at the Union Club. Mr. MacNicol, president, presiding, taking the chair in the absence of the president, Mr. Ames. It was decided to start the meetings during the summer at 8 o'clock instead of 7:30. Mr. Ames gave an address on the "Second Coming of Christ" and congratulated the members on the success of the club and the keen interest taken by all. A hearty vote of thanks was tendered Mrs. Morrow for her interesting lecture. Miss Morrison was appointed vice president. Miss Lamont, on behalf of the club, the latter having met with a painful accident last week. Refreshments were served at the close of the evening.

Telephone Rates Restored, Says Railway Board

The Saanich Council has been informed by the Railway Board of Canada that the decision recently issued regarding the Cadboro Bay and Cedar Hill telephone dispute is in effect a restoration of rates in effect prior to June 1, 1924.

The following telegraphic correspondence has taken place between the council and the board: From the Saanich Council to the Board of Railway Commissioners: "Re your order dated 19th inst. directing that all outgoing calls are free of tolls but that calls going to the Victoria and Saanich districts are chargeable. Am directed by council to take this up with you to ascertain if this is in your view a compliance with your order. If possible please wire reply." From the Railway Commission to the Saanich Council: "Re your message of sixteenth inst. directed to full attention to matter that by board order you referred to, rates in effect on and prior to June 1, 1924, were restored."

Meeting Thursday, May 21, at 8 p.m. Business very important. B. BEST, secretary.

MAYTIME CELEBRATIONS OPEN WITH SCHOOL SPORTS TOMORROW

Chairman James H. Beatty Thanks Workers Who Have Helped to Arrange Diversified Programme Mapped Out This Year; Events Will Appeal to Every Citizen.

School sports at the Willows to-morrow afternoon will open the Maytime celebrations in Victoria and as shown by the programmes, which went on sale to-day, for four days citizens will have their choice of a wide range of attractions. Variety and novelty have been aimed at by the committee under the leadership of James H. Beatty.

"With the cordial co-operation of many individual citizens and organizations in the city we have I think," Mr. Beatty remarked, "planned a Maytime programme that will appeal to every section of the community. We have borne in mind that this is a general holiday and have tried to arrange something that will appeal to everybody and I think we have succeeded."

"Seldom has the Maytime programme had a more general appeal than it will have this year. There are the school sports to-morrow, the evening there is a musical recital at the First Presbyterian Church. For the sportsmen there is a good boxing show at the Caladonia Hall. In place of the usual parade there is the decorated cycle parade and races on Yates Street Saturday with a band in attendance. The races are well varied so that virtually anybody who wishes can find an event to enter in. There is a good football game, Lady Smith vs. Esquimalt at Royal Athletic Park and a big citizens' dance at the Armories in the evening.

"Sunday morning the schoolchildren's patriotic display will be held on the lawns of the Parliament Buildings under the direction of the I.O.G.E. and the eagerly awaited musical festival will be held in the afternoon at the Arena.

"Monday will be another big day. There is the naval and military gymkhana at the Willows in the afternoon. In the morning there will be a baseball game between the C.P.R. team and Port Angeles. Mr. Beatty appeals to all the storekeepers to do their share with decorations to prove the touch with which no holiday is complete. The uniform flag system makes this an easy task and gives a festive appearance to the city essential during the celebrations.

JUVENILE FORESTERS

An entertainment under the auspices of Juvenile Foresters Canada and the Chamber of Commerce and Publicity Bureau will be given on Friday evening following the regular meeting of the Juvenile Foresters.

An interesting programme will be staged and the event promises to be one of the most successful put on by the juveniles.

Owing to the growth of the Foresters in membership and social affairs, the lack of proper accommodation to meet their increasing patronage is keenly felt, but by a series of entertainments and other social events, and working in conjunction with the adult courts, the juveniles hope to materially advance the time when they may entertain on a larger scale in the new Foresters' Hall which is shortly to be built. The programme for Friday evening is as follows:

Opening song, "O Canada"; piano solo: dance by pupils of Miss Wilson; "Baby Chicks"; violin selection; piano solo: Times Art Society; "Four-box" dance; piano solo: dance by pupils of Miss Wilson; "Voices of Spring"; recitation; violin solo; dance; violin quartette; violin and piano; piano solo: dance; recitation; dance; kitchen orchestra.

Clay Porter, in charge of operations at the Porter-Idaho Mines, to-day notified the board of directors here that he thinks he can start shipping of ore this season by June 1. Last summer the mine was a heavy shipper. There is too much snow to get the horses up yet.

"The contractors are getting along very well on the tunnel," Mr. Porter says. "It will be about August 1 when they get the vein. I will make you a report on its progress about the end of the month. The contract calls for measuring work at that time."

FIFTY THOUSAND FRENCH SOLDIERS ARMED FOR RIFLES

Military Men Admit Danger is Graver Than Stated

Pez, French Morocco, May 21.—It was admitted in military circles here to-day that the menace of the Rifians under Abd-el-Krim, who recently invaded French Morocco from the Spanish zone, is more grave than has been previously stated. It was declared that every possible measure to deal with the situation at a minimum cost of life and money is being taken.

The French have 50,000 men along the 125-mile front in the northern part of the French zone braced for an early attack by the Rifians, who it is believed, will aim at cutting the railway between Fez and Oujda, near the Algerian border.

Three Jockeys Hurt In Kentucky Race

Louisville, Ky., May 21.—Earl Pool, jockey, riding Atris in the first race at Churchill Downs this afternoon, sustained three broken ribs in a bad fall. Jockey George W. Jones was injured. R. Ziechman and J. Burke, the other jockeys, were severely bruised but not hurt seriously.

ARRESTED ON ARSON CHARGE

Arrested by detectives of the city shortly after noon to-day Frank Brooks was brought to the city police station on a charge of arson and will be arraigned before Magistrate Jay to-morrow morning. Brooks is accused of setting fire to the premises of a vacant dwelling at 1607 Fernwood Road on Tuesday evening.

ROTARY MEMBERS AND SALE OF FESTIVAL TICKETS

Hospital Gets Gross Income of Musical Festival

The whole of the contributions received at Sunday afternoon's Music Festival at the Arena will be turned over to the Royal Jubilee Hospital, James H. Beatty to-day assured the Rotary Club luncheon at the Chamber of Commerce.

The expenses incident to the festival will be financed by preliminary sale of guaranteed tickets, and the Rotarians were enlisted as salesmen.

The entire revenue from sale of programmes and the envelope collection at the Arena will be untouched for expenses, and the festival organizers expect to secure at least \$1,000 to turn over to the hospital.

The only speaker at the festival will be Chairman George McGregor, the Rotarians were assured.

PROSPERITY AHEAD

President R. W. Mayhew spoke optimistically on the outlook for prosperity this year, after his recent visit to the prairie. All three prairie provinces have a very wonderful year ahead, and there will be a great demand for our lumber and other products. Three years ago, in the prairie provinces, depression reigned, but has now given way to hearty optimism, farmers who two years ago abandoned their lands are again operating their farms.

As a forecast of coming programmes, President Mayhew intimated that invitations to address the members would be extended to distinguished non-Rotarian visitors to the city, who have valuable information to dispense. "Travelers we can use to improve ourselves should be welcomed, others who would use the club are always ready to speak, but should be avoided," he said.

TO AD MEMBERS

A special business advisory committee has been appointed by President Mayhew, to advise members seeking assistance of this type. The committee is composed of George McGregor, James Watson, E. Tomlin and Dr. A. H. Tanner.

E. Tomlin urged the Rotary Club to take a strong supporting attitude towards the Y.M.C.A. and aid in putting the institution on its financial feet.

The work the Kiwanis Club performed, to get the Jubilee Hospital programme, will everlastingly be remembered to the credit of that club, and the Rotary Club has similar opportunity now before them," he said.

Mr. Tomlin asked for volunteers to aid in a campaign to wipe out the debt of \$11,000, the floating deficit of about \$4,000.

The proposal will be referred to the directors, W. Nachtrieb suggesting debate at next week's session of the club.

OBITUARY

The death occurred this morning of Mrs. Susan Jones, widow of J. W. Jones of 1415 Esquimalt Road, aged seventy years. She was born in Kent, England, and had been a resident of this city for many years. Mrs. Jones is survived by her husband, also two sisters and a brother in England. The funeral will be held from the Rev. Dean Quinlan. There was no family interment at the graveside. Interment will be made in Ross Bay cemetery.

Funeral service for the late John Raymond was conducted yesterday afternoon at 2 o'clock in the B.C. Funeral Chapel by the Rev. Dean Quinlan. There was a large number of friends and many beautiful floral designs were received. The hymns sung were: "Peace, Perfect Peace" and "Safe in the Arms of Jesus." The following acted as pallbearers: W. A. Loney, E. F. Davis, W. Loney, E. Landsberg, Dr. H. Keown and W. B. Hall. The remains were laid to rest in the family plot at Ross Bay cemetery, and service at the graveside was held by Rev. F. H. Patti.

The remains of the late Mrs. Elizabeth Bloor, who passed away last Friday, were laid to rest at Ross Bay cemetery yesterday afternoon. Service was held in the B.C. Funeral Chapel by the Rev. F. A. P. Chadwick. The hymn sung was "Sun of My Soul" and Mrs. W. A. Jamieson rendered a solo entitled "The Lights of Home." There was a very large attendance of friends, including delegations from the Eastern Star and Masonic order. Queen Alexandra Review No. 11, W.B.A., attended in a body, and service at the graveside was held by Acting Past Com. Sister Manson, Acting Lieut. Com. Sister Ritchie, Chaplain Sister Veitch, Captain Sister Keating and Mrs. A. A. Johnston. The following acted as pallbearers: R. Elliott, G. C. Dingwall, H. Jarvis, R. Hargreaves, H. Walton and C. W. Holland.

JOINING UNITED CHURCH

Vancouver, May 21.—By a unanimous resolution the congregation of St. Andrew's Church, Kaslo, in the Presbytery of Kootenay, decided to enter the United Church of Canada on June 10 next. No ballot was taken.

SOCIAL AND PERSONAL

Miss Primrose, daughter of the late Senator Primrose, of Pictou, Nova Scotia, is visiting Miss Roman, 216 Wildwood Avenue.

Dr. J. R. Watson has been appointed by McGill University as the examiner for the 1925 examinations in music in the Western provinces. The visiting examiner to Victoria will be Mr. Raymond Tremblay, the well-known pianist and song composer.

New Marriage Act In New South Wales

Special to The Times
Sydney, Australia, May 21.—Assent has been given by the Governor of New South Wales to the Marriage Amendment Bill, embracing the No Temere clause. This means that for the future every person is liable to a penalty not exceeding £100, either alone or with imprisonment, for a term of up to twelve months, who

illegally expressly or by implication that any persons lawfully married are not truly husband and wife. A marriage is possible under the act with a deceased husband's brother. "No baptized Catholic," said the Roman Catholic Archbishop of Sydney (Archbishop Kelly) "can validly contract a marriage, can truly become a husband or wife, unless the marriage contract is made in the presence of a pastor of the church, and two witnesses of the people. A baptized Catholic who wishes to contract a marriage must enter into it in public, and if you enter into a secret marriage you make no contract, it is invalid, and you are not husband and wife. That is the Catholic position, and it will stand in face of all opposition, governmental or otherwise." In giving warning of impugning legal marriages, the Minister of Justice has declared: "It would be well for the public to know that no marriage in this state can be contracted otherwise than in accordance with the provisions of the Marriage Act, and that if any person relies on the implied suggestion contained in the press report of Archbishop Kelly's remarks that some other marriage is

BEDTIME STORY

Uncle Wiggily and the Tangled Vines

Copyright, 1925, by McClure Newspaper Syndicate
(By Howard R. Garis)

Not far from Uncle Wiggily's hollow stump bungalow there grew a tangle of vines near a briar patch. So thickly did the vines lay on the ground, so many of them were there and so strong were they, that whoever tried to cross the place of the vines would soon find himself and his legs so tangled up that he would fall down.

For this reason, even when he was in a hurry to hop home to Nurse Jane Fussy Wussy and his new rabbit lady wife, Uncle Wiggily would not cross the tangle patch of vines for fear of being tripped.

But the new little boy and girl, rabbits who had come to the bunny gentleman along with his new wife, did not know about the tangled vines. And, of course, being in a hurry, as most children are, the little rabbits often ran across the place where the vines grew.

One day Jingle and Jangle, the two little bunnies, hurrying home from school, took a short cut across the vine patch to show their mother and Uncle Wiggily what fine lessons marks the Lady Mouse Teacher had

Nipper and Skipper played leap frog.

given them in class. But Jingle's feet caught in the vine and down she fell—"ker bunk!"

"I'm sorry," said Jangle, but no sooner had she spoken than her feet also tangled in the vines and down she went.

Uncle Wiggily heard the little rabbit girls crying and ran out to see what was the trouble.

"How often have I told you not to cross the vine patch?" asked the bunny. "You will always fall if you come that way. Now keep still and I will get you out, for you aren't hurt—you are only frightened."

And, truly, Jingle and Jangle weren't in the least harmed. They had been bumped when they fell as their feet became tangled in the vines, but that was all. Uncle Wiggily took a pair of hedge shears and soon cut a path through the patch of tangled vines, so he could walk without being tripped. And along this path that he cut he walked back, leading Jingle and Jangle.

"Now remember," said their new bunny daddy, "don't cross the vine patch again, and the little rabbit girls promised that they wouldn't. But it was only the next day that something happened to make them go to the vine patch again. Only this time it was different.

"Uncle Wiggily, I want a loaf of bread from the store," said Jane. "Your new wife is going to have company for tea and we need bread." So the bunny gentleman good-naturedly twinkled his pink nose and hopped to the store and eight cent store for a ten-cent loaf of bread.

"May we come with you?" asked Jingle and Jangle, and the new daddy said they might. So all three hopped to the store, and they were soon hopping back again with the bread. On the way they saw a hungry robin bird, and Uncle Wiggily tossed him a few crumbs of bread for the poor feathered chap.

"Thank you," sang Mr. Robin as he picked up the crumbs. And then, all of a sudden out of the bushes jumped the bad Bob Cat.

"I am hungry, too, the same as the robin is," snarled the Bob Cat. "But I don't want to pick up bread crumbs. I want to nibble the tender ears of some little rabbits!" and he looked at Jingle and Jangle.

"You can't have their ears," cried Uncle Wiggily, and putting the loaf of bread up inside his tall silk hat Mr. Longears picked up Jingle under one paw and Jangle under the other and started to run to his bungalow with them to get away from the Bob Cat.

But the Bob Cat ran also and was almost catching up to Uncle Wiggily and the little rabbits when they got to the tangled vine patch. And then suddenly the robin bird flew down and whispered:

"Take the short cut across the tangled vines by the path you chopped out with the hedge shears yesterday, Uncle Wiggily. You will not be tangled but if the Bob Cat tries to follow, not knowing about the path, he will get stuck in the vines," said the robin.

So Uncle Wiggily hopped across the tangled vines by the path you chopped out with the hedge shears yesterday, Uncle Wiggily. You will not be tangled but if the Bob Cat tries to follow, not knowing about the path, he will get stuck in the vines," said the robin.

So Uncle Wiggily hopped across the tangled vines by the path you chopped out with the hedge shears yesterday, Uncle Wiggily. You will not be tangled but if the Bob Cat tries to follow, not knowing about the path, he will get stuck in the vines," said the robin.

So Uncle Wiggily hopped across the tangled vines by the path you chopped out with the hedge shears yesterday, Uncle Wiggily. You will not be tangled but if the Bob Cat tries to follow, not knowing about the path, he will get stuck in the vines," said the robin.

So Uncle Wiggily hopped across the tangled vines by the path you chopped out with the hedge shears yesterday, Uncle Wiggily. You will not be tangled but if the Bob Cat tries to follow, not knowing about the path, he will get stuck in the vines," said the robin.

So Uncle Wiggily hopped across the tangled vines by the path you chopped out with the hedge shears yesterday, Uncle Wiggily. You will not be tangled but if the Bob Cat tries to follow, not knowing about the path, he will get stuck in the vines," said the robin.

So Uncle Wiggily hopped across the tangled vines by the path you chopped out with the hedge shears yesterday, Uncle Wiggily. You will not be tangled but if the Bob Cat tries to follow, not knowing about the path, he will get stuck in the vines," said the robin.

So Uncle Wiggily hopped across the tangled vines by the path you chopped out with the hedge shears yesterday, Uncle Wiggily. You will not be tangled but if the Bob Cat tries to follow, not knowing about the path, he will get stuck in the vines," said the robin.

So Uncle Wiggily hopped across the tangled vines by the path you chopped out with the hedge shears yesterday, Uncle Wiggily. You will not be tangled but if the Bob Cat tries to follow, not knowing about the path, he will get stuck in the vines," said the robin.

DAVID SPENCER LIMITED

"I Got It For Passing My Exams"

"GEE, George, I bet my dad will get me a C.C.M., too. I studied hard all year, and I passed my exams. well. I think I deserve a bike, don't you?"

"I hope you get it, Eddie. Then you can join the rest of us fellows in our runs out into the country and our picnics."

"I'm taking mine away on my vacation, too. There are lots of country roads to ride along and dandy woods to explore, some streams to fish in and other things to see, all within easy riding distance."

"Mother says it will be so handy to have a bike around. There's always the mail to go for and other errands to run."

"Well, George, I'm going to get my dad to go with me to the C.C.M. dealer's and see the new models—especially that dandy Curved Bar Sport Model and the other one a boy won't outgrow."

"Don't forget to tell him, Eddie, that C.C.M. Bicycles are away down in price. \$20 to \$25 less than the war prices. Also that they're made of English Seamless Tubing and equipped with the C.C.M. Triplex

Hanger, Gibson Pedals and the Hercules Coaster Brake without extra charge.

"If he says he's short of cash, Eddie, tell him he only needs to pay a few dollars down, and the rest in small weekly or monthly payments."

"And I'll offer to help pay the balance, George. There are lots of jobs for a boy with a bicycle during the summer holidays, delivering small parcels, running messages, and doing other things. It will be good experience and heaps of fun, too."

"Well, 'so long,' Eddie. Go to it and get that C.C.M. Bicycle."

Most Matches In Ladies' Golf Won By Heavy Scores

Mrs. Hutchings and Mrs. Philbrick Among Victors; Meet To-day in Second Round

Play Will Reach Semi-finals To-morrow With Finals Saturday; Present Prizes

Most matches in the first round of the B.C. women's golf championship played at the Victoria Golf Club yesterday were decided by large scores. The only close match was between two Vancouver ladies, Miss Drysdale defeating Mrs. McAllister on the eighteenth green by 1 up.

Mrs. Hutchings, of Winnipeg, the favorite, eliminated Miss Tidmarsh, the only American, by 5 and 3, while Mrs. Philbrick, the Victoria champion, won over Mrs. Tweedale, of Vancouver, by 3 and 2. Miss Sayward, the Colwood captain, and Mrs. Parry, captain of the Victoria club, also won easily.

The second round, which is being played to-day, finds four Victorians left in the play, while Vancouver has two and Calgary and Winnipeg one each. Miss Sparrow, the Calgary player, turned in a nice round yesterday, defeating Mrs. Willing, of Uplands. Miss Sparrow meets Mrs. Parry to-day, while Mrs. Philbrick is drawn against Mrs. Hutchings. This should be a splendid match as there is not a great deal between this pair, especially as Mrs. Philbrick is playing over her home links. Mrs. Gellefey, of Vancouver, is meeting Miss Sayward in the third round to-day while Mrs. Hutchinson, another Victorian, plays Miss Drysdale, of Vancouver.

FINALS ON SATURDAY

The semi-finals of the championship flight will be played to-morrow, while the finals are set for Saturday.

The final rounds in the second and third flights will be played on Friday morning.

Mrs. Armstrong, of York Place, is giving a tea at 4.30 o'clock to-morrow afternoon to all the ladies who entered for the championship.

Mrs. W. C. Nichol has kindly consented to distribute the prizes at the conclusion of the final rounds of the championship and first flights on Saturday.

Yesterday's results were as follows:

Championship—First Round
Mrs. Hutchings defeated Miss Tidmarsh 5 and 3.
Mrs. Philbrick defeated Mrs. Tweedale 3 and 2.
Miss Drysdale defeated Mrs. McAllister 1 up.

Mrs. Hutchinson defeated Miss M. Wilson 4 and 2.
Miss Sparrow defeated Mrs. Willing 4 and 2.
Mrs. Parry defeated Mrs. Fairbairn 5 and 1.

Miss Sayward defeated Mrs. Armstrong 7 and 5.
Mrs. Gellefey defeated Mrs. Galt 4 and 2.

Second Flight—First Round
Miss I. Wilson won from Mrs. Robertson by default.
Mrs. A. Bell defeated Mrs. Lambert 1 up.

Miss McLean defeated Mrs. Montgomery 3 and 2.
Mrs. Pocock defeated Mrs. Godfrey 3 and 1.

Third Flight—First Round
Mrs. H. A. Ross defeated Miss Benson 5 and 4.
Mrs. Lennan defeated Mrs. Studholme 5 and 2.
Miss Hurley defeated Mrs. Wal-kem 5 and 4.

Miss Farrell defeated Mrs. Boyd 3 and 2.
Fourth Flight—Final Round
Mrs. King defeated Mrs. Lecky 4 and 2.

Seattle Yacht Club
Boats Will Visit Here Memorial Day

Seattle, May 21.—Two races to Victoria to visit the Victoria Yacht Club is the Seattle Yacht Club's programme for Memorial Day.

The sailing yachts will leave Saturday morning and the power boats will compete for the Brewin Cup in their race up on Sunday morning.

Uncle Robbie Will Assume Presidency of Brooklyn Dodgers

New York, May 21.—Wilbert Robinson, for ten years manager of the Brooklyn National League team, will be installed early next week as president of the club, succeeding late Charles H. Ebbets, according to apparently well-founded reports received by baseball.

Falkiner Runs Off A Brilliant Break of 265 Last Night

Vancouver, May 21.—Playing the third block in his match with Jack McMillan, Canadian champion, Claude Falkiner, English billiardist, ran to his points last night with a brilliant 265, unfinished. He left the balls in a good position and would seem to have a fair chance to break the Canadian record of 492 which he set at Regina.

At the conclusion of the night's play the score stood: Falkiner (in play) 2,551, McMillan (retires) 2,069, 2,722.

Defending Title

MRS. HUTCHINGS

Interest is very keen in the British Columbia women's golf championship now in progress at the Victoria Golf Club. Mrs. Hutchings, the champion, is playing through and, so far, has not struck very strong opposition. She is favored to retain her laurels.

Colored Fighter Shows Good Form In His Training

Danny Edwards is Fast and in Good Shape For To-morrow Night's Fight

After seeing Danny Edwards work out at Pitt's Billiard Parlors last night over 100 spectators divided about evenly in trying to pick the winner of Friday's fifteen round affair with A. Davies at the Caladenia Hotel. The consensus was that he was a big hand and won a lot of friends. He takes his preparations seriously. For fifteen minutes to the second he slipped without a break and wound up like a whirlwind. Then he did an even fifteen minutes of shadow boxing. After that Young Lewis and both the boys tried to land uppercuts. Edwards missed them by a hair's breadth with a broad smile on his dusky countenance.

DANNY IS QUICK
The Oakland fighter is shorter than Davies, but probably has a little advantage in weight. He is stocky and powerful as quick as a cat and undoubtedly knows every trick of his trade. Davies will have an advantage in reach.

The local boy put the final touches on his work before Edwards arrived and looks good to his supporters.

Japanese Athletes Still Obdurate and Stay Out of Games

Manila, May 21.—Although pressure was brought to bear from Tokyo as well as by the Japanese officials accompanying the Japanese team to the Far Eastern Olympic Games who urged out on Tuesday when one of their number was disqualified for fouling a Filipino contestant, the members of the team to-day remained firm in their determination to continue the strike. Japan, however, continues to engage in all events except the track and field contests.

Both the track officials who disqualified Noto, the Japanese runner who fouled the Filipino, are Filipinos, not Americans.

SONS TO PRACTICE
The Sons of Canada lacrosse team will hold a practice at the Royal Athletic Park this evening. The following will be taking part: Kennedy, Chapman, Oliver, Macmurchie, Taylor, Russell, Blissett, Taylor, Gilson, McPhee, Bryant, Shedd and McLean.

LOST FIRST FALL THEN WON
Portland, Ore., May 21.—Billy Edwards, Kansas City light-heavyweight wrestler, defeated Salfer Jack Wood of Houston, Texas, here last night. Wood took the first fall but Edwards came back to take the second and third with handlocks.

San Francisco, May 21.—Russ Pierce of San Diego won a ten-round decision last night over Frankie Darren, Salt Lake lightweight. Darren outlasted his opponent throughout the fight.

Brentwood Held To Draw By Tillicums In Wednesday Game

Leaders in Cricket League Failed to Win Owing to Time Limit

Centuries by Cocks of Brentwood, and Gibson of Hudson's Bay Feature Games

Although Brentwood College put on a flock of runs and for the actual wickets that fell had a commanding lead over the Tillicums the best leaders in the Wednesday League could gain was a draw. In their match at Beacon Hill yesterday Brentwood made a desperate effort to win their fifth straight match of the season, and when they had what they considered a safe lead declared with 206 runs for nine wickets. The Tillicums found the bowling rather stiff, but managed to hang out the match until the time limit was reached, and as they still had two wickets in hand with 120 runs on the board, a draw had to be called.

Outside of Brentwood's draw the other features of yesterday's cricket were two centuries, one by A. W. Cocks of Brentwood, who smashed the ball for 116, not out, and Gibson of Hudson's Bay, who reached the century mark still carrying his bat.

The results were as follows:
Hudson's Bay, 172 for five wickets; Brentwood College, 206 for nine wickets; Tillicums, 120 for eight wickets.

SOME BOWLERS DO WELL
The bowling features of the day were furnished by Braber of the Tillicums, who took three wickets for six runs; Cocks of Brentwood who took three for seventeen; Minnis of Hudson's Bay who took three for three.

The scores were:
Hudson's Bay

Joyce Wethered Will Meet Cecil Leitch In Finals

Tron, May 21.—Miss Joyce Wethered, the present champion defeated Mrs. Temple Dobell in the semi-final of the women's golf championship tournament here this afternoon 6 up and 5 to go.

Miss Wethered, who yesterday eliminated Miss Glenna Collett, former United States woman champion in the ladies open golf championship, this morning continued her triumphant march toward the finals by defeating Miss P. Jamieson, of Malahide Island. The match ended on the fourteenth green with Miss Wethered 5 up.

Miss Cecil Leitch, former British champion, defeated Miss Janet Jackson by one up this morning and this afternoon defeated Miss B. Brown with the same score.

Miss Leitch will meet Miss Wethered in the finals to-morrow.

School Sports Will Be On To-morrow Afternoon

Several thousand school children will gather at the Willows Oval to-morrow afternoon to enjoy their annual school sports. The youngsters, wearing the colors of their school, and jingling a couple of nickels and dimes, with which to purchase peanuts and ice cream cones, will scamper about the big bleachers and grandstands, cheering the representatives of their school to victory.

The crowd of youngsters will be greatly augmented by fond parents who will be anxious to see their progenies perform either on the track or in a rooting capacity. It is the big day of the school children and it is to be hoped that the weather will be fine.

The sports will start at 2 o'clock and continue all afternoon. A splendid programme has been drafted.

The events will be as follows:

TIMES CROSS-WORD PUZZLE

Here's a mid-week puzzler, more difficult than the average, but capable of being solved like all the rest. Don't get impatient with it.

Cross-word Puzzle 2319

HOW TO SOLVE THE CROSS-WORD PUZZLE

Every number in the form represents the beginning of a word, reading either horizontally or vertically. If there is a black square in the word, the number is not to be used. The definitions for the correct words to fill the form are found below, with numbers corresponding to those on the form. Run through the definitions till you find one that you recognize, and put it in its proper place on the form, one letter for each white square. This will furnish several cross-clues to the words linking with it at right angles. Continue in this manner till the form is completely filled. If you have solved the puzzle correctly it should read both horizontally and vertically with words corresponding to the definitions. The correct solution of to-day's puzzle will be printed in the next issue of The Times.

HORIZONTAL

- Swims in the wind.
- Blue grass.
- To subside.
- To dine.
- Seized by force.
- Snake-like fish.
- Instruments for making impressions.
- Seniors.
- Grain.
- Portable house.
- Name of a zone.
- To remain.
- Finds bearings.
- Perfume used on desert.
- Spoke of barley or oats.
- Weight (for precious stones).
- Proven.
- Secured.
- Rifle.
- Point of compass.
- A constellation.
- Adage.
- 2,000 pounds.
- Paint.
- High priest, who trained Samuel.
- Upon.
- Musical drama.
- Measure of area.
- Circumstance.
- Stomach.
- To form a breakwater out of stones.
- To degrade.
- Stone used by smallpox.
- A large division or class of insects.
- Anger.
- A kind of theatre used in ancient Greece.
- Material used for cooking utensils.
- Violin "lubricator."

VERTICAL

- Point of compass.
- To dissipate.
- Listen.
- Total.
- Made from a song.
- Correlative of either.
- To mimic.
- To total.
- Apparatus used for charging mineral.
- Hard coating of a seed.
- Hebrew name of God.
- A weapon.
- To choose.
- Suitable.
- Aurore.
- Pertaining to the supporting of an internal organ.
- To cook slowly.
- To reduce to order.
- Inlet.
- Road house.
- Chemical which yields sugar.
- Froth.
- Pertaining to air.
- Self.
- Collection of facts.
- Shrub used in making indigo.
- White crystalline substance.
- To rap lightly.
- Foretoken.

Answer to Cross-word Puzzle 2318

treasurer, C. H. O'Halloran; committee, S. J. Drake, J. B. Chisholm, Mrs. R. R. Taylor, Mrs. C. Nickerson, W. M. Laurence, J. Reach, Mrs. Chisholm, F. M. McGregor, C. Nickerson, S. Flanagan, P. "The Circular Staircase"

By MARY ROBERTS RINEHART

I gave up finally and went down the ladder again, getting in through the ball-room window without being observed. I went back at once to the trunk-room, and sitting down on a box, I gave my mind, as consistently as I could, to the problem before me. If the pipes in the roof were ventilators to the secret room, and there was no trap-door above, the entrance was probably in one of the two rooms between which it lay—unless, indeed, the room had been built, and the opening then closed with a brick and mortar wall. The mantel fascinated me. Made of wood and carved, the more I looked the more I wondered that I had not noticed before the absurdity of such a mantel in such a place. It was covered with scrolls and panels, and finally, by the merest accident, I pushed one of the panels to one side. It moved easily, revealing a small brass knob.

It is not necessary to detail the fluctuations of hope and despair, and not a little fear of what lay beyond, with which I twisted and turned the knob. It moved, but nothing seemed to happen, and then I discovered the trouble. I pushed the knob vigorously to one side, and the whole mantel swung loose from the wall almost a foot, revealing a cavernous space beyond.

I took a long breath, closed the door from the trunk-room into the hall—thank Heaven, I did not lock it—and pulling the mantel-door wide open, I stepped into the chimney-room. I had time to get a hazy view of a small portable safe, a common wooden table and a chair—then the mantel door swung to, and clicked behind me. I stood quite still for a moment, in the darkness, unable to comprehend what had happened. Then I turned and beat furiously at the door with my fists. It was closed and locked again—and my fingers in the darkness slid over a smooth wooden surface without a sign of a knob.

I was furiously angry—at myself, at the mantel-door, at everything. I did not fear suffocation; before the thought had come to me I had already seen a gleam of light from the two small ventilating pipes in the roof. They supplied air, but nothing else. The room itself was shrouded in blackness.

I sat down in the stiff-backed chair and tried to remember how many days one could live without food and water. When that grew monotonous and rather painful, I got up and, according to the time-honored rule for people shut in unknown and ink-black prisons, I felt my way around—it was small enough, good-natured knobs, I felt nothing but a splintery surface of boards, and in endeavoring to get back to the chair, something struck me full in the face, and fell with a noise of a thousand explosions to the ground. When I had gathered up my nerves again, I found it had been the bulb of a swinging electric light, and that had it not been for the accident, I might have starved to death in an illuminated sequestrator.

I must have dozed off. I am sure I did not faint. I was never more composed in my life. I remember planning, if I were not discovered, who would have my things. I knew Liddy would want my heliotrope poplin, and she'd a fright in lavender. Once or twice I heard mice in the partitions, and so I sat on the table, with my feet on the chair. I imagined I could hear the secret going on through the house and once some came into the trunk-room; I could distinctly hear footsteps. I called with all my might, and was rewarded by a piercing shriek from Liddy and the slam of the trunk-room door.

I felt easier after that, although the room was oppressively hot and

SCHOOL DAYS By DWIG

enervating. I had no doubt the search for me would now come in the right direction, and after a little I dropped into a doze. How long I slept I do not know.

I must have been several hours for I had been tired from a busy day, and I awakened stiff from my awkward position. I could not remember where I was for a few minutes, and my head felt heavy and congested. Gradually I roused to my surroundings, and to the fact that in spite of the ventilators, the air was bad and growing worse. I was breathing long, gasping respirations, and my face was damp and clammy. I must have been there a long time, and the searchers were probably hunting outside the house, dredging the creek, or beating the woodland. I knew that another hour or two would find me unconscious, and with my inability to cry out would go my only chance of rescue. It was the combination of bad air and heat, probably, for some inadequate ventilation was coming through the pipes. I tried to retain my consciousness by walking a length of the room and back over and over, but I had not the strength to keep it up, so I sat down on the table, gain, my back against the wall.

The house was very still. Once my straining ears seemed to catch a footfall beneath me, possibly in my own room. I groped for the chair

from the table, and bounded with it frantically on the floor. But nothing came of it. The sound was heard at all, I do not doubt it would be classed with the other rappings that had so alarmed us recently.

It was impossible to judge the flight of time. I measured five minutes by counting my pulse, allowing seventy-two beats to the minute. But it took sterility, and toward the last I found it hard to count; my head was confused.

And then—I heard sounds from below me, in the house. There was a peculiar throbbing, vibrating noise that I felt rather than heard, much like the pulsing beat of fire engines in the city. For one awful moment I thought the house was on fire, and every drop of blood in my body gathered around my heart; then I knew. It was the engine of the automobile, and Halsey had come back. Hope sprang up afresh. Halsey's clear head and Gertrude's intuition might do what Liddy's hysteria and three detectives had failed in.

After a time I thought I had been right. There was certainly something going on down below; doors were slamming, people were hurrying through the halls, and certain high notes of excited voices penetrated to me shrilly. I hoped they were coming closer, but after a time the sounds died away below, and I was left to the silence and the heat

to the weight of the darkness, to the oppression of the walls that seemed to close in on me and stifle me.

The first warning I had was a stealthy rumbling at the lock of the mantel-door. With my mouth open to scream, I stopped. Perhaps the situation had rendered me acute, perhaps it was instinctive. Whatever it was, I sat without moving, and some one outside, in absolute stillness, ran his fingers over the carving of the mantel and found the panel.

Now the sounds below redoubled: from the clatter and jarring I knew that several people were running up the stairs, and as the sounds approached, I could even hear what they said.

"Watch the end staircases!" Jamieson was shouting. "Damnation—there's no light here!" And then a second later, "All together now. One—two—three—"

PRESBYTERIANS OF U.S. ARE MEETING

General Assemblies in Session
in Columbus, Ohio, and
Lexington, Kentucky

Columbus, Ohio, May 21.—The one hundred and thirty-seventh General Assembly of the Presbyterian Church in the United States met in Columbus to-day, the sessions to continue for one week.

During this week also the General Assembly of the Presbyterian Church in the United States will be in session in the South. At several general assemblies efforts have been made to merge these two branches of the denomination into one, but thus far without success.

Approximately 1,000 duly elected commissioners are attending the assembly in Columbus, representing not only every state in the union, but also Alaska, Porto Rico, Cuba, West Africa and various foreign countries. This is the annual congress of the denomination and will transact business for forty-six synods, 239 presbyteries, 10,000 churches, and more than 1,800,000 communicant members.

MUCH BUSINESS
Among the constructive legislation to be enacted will be the adopting of a unified finance system for the entire denomination. Plans will be launched for a national crusade for the re-establishment of the American home as the working unit for Christian citizenship to combat the evils which have grown up under the laxity of parental supervision over the growing generation, which Presbyterian leaders hold responsible for the increase of immorality and crime.

Space will be taken to establish a great religious national centre in Washington under the direction of the Presbyterian National Capital Commission. These plans include the expenditure of several million dollars in extending the usefulness of existing Presbyterian churches in Washington, and the possible erection of a great Presbyterian Cathedral Church in the District of Columbia.

NUMBER OF REPORTS
Much of the time of the General Assembly will be taken up with official reports concerning church cooperation and union. Plans are in hand for perfecting union between the Presbyterian Church and the Congregational Church and for joining the Presbyterian Church in the United States of America, with the United Presbyterian Church, which has its headquarters in Pittsburgh, Pa.

Possible conservative candidates for moderator are Dr. William L. McKean of Pittsburgh, Pa., and William Jennings Bryan of Florida, who is retiring vice-moderator of the assembly. Another leading candidate for moderator is Dr. Charles R. Erdman of Princeton, N.J.

MEETING IN LEXINGTON
Lexington, Ky., May 21.—It would be distasteful to Jesus, His church and teachings "not to insist that Jesus Christ must always and forever have the supreme place everywhere," Dr. Thornton Whaling, retiring moderator of the Presbyterian Church in the United States, declared in his sermon to-day opening the meeting of the General Assembly here.

The minister who can not put all the crowns on the head of Jesus may belong somewhere, but not with us, Dr. Whaling said. And love to Jesus and to His disciples, and to lost souls; love, Christ-like love, demands that we shall not lower our subscription to this great system, or grievously sin against Him and a lost world by failing to enforce

the subscription which gives the Lord Jesus His due.

"The schools, colleges and theological seminaries ought to be maintained upon this basis," continued Dr. Whaling. "These institutions should have more distinct recognition and control given to our church through our constitution or organic law; if not this will come when we shall rue our neglect."

ALERTNESS URGED
"The time has come when our whole church ought to be alert and careful, not suspicious and vindictive, but wisely alive and thoroughly informed as to the teachings in its schools. In every age from the rabbinical schools of Jerusalem through the so-called Christian schools of Alexandria, Odesa, Berlin and New York, subtle and perverse detraction from the supremacy, the Godhood, the full orbed glory of Jesus the Christ, have found their way through schools ostensibly founded to make Him fully known. Experience so common needs no commentary to enforce its lessons. The Jesus who can be modified to suit their false philosophies is at once to betray Him and them. The evangelist of Paul knew nothing of such unhallowed compromises, and though he met storms and cruel scourges and bitter opposition, he won thousands of converts."

"Victory is ours if we put all the crowns on the head of Jesus our Lord and Saviour."

Ottawa, May 21.—One way to increase the national wealth of Canada would be to wipe out the wheat rust, declared Dr. J. C. McLennan of Toronto, president of the Royal Society of Canada, yesterday in presenting the Flavelle Gold Medal for Scientific Discovery to Dr. Charles E. Saunders, originator of "Marquis Wheat," which the president declared had produced more wealth for this country than any other discovery.

In presenting the medal the president said Dr. Saunders was one of the greatest men Canada ever had. The country was proud of him, he said.

**DARING CHICAGO
JEWEL ROBBERIES**

Chicago, May 21.—Two robberies in downtown jewelry stores yesterday netted robbers unset diamonds and other jewelry valued at about \$100,000.

In one robbery four men, threatening death to all who stood in their way, invaded the loop offices of Julius Hensius and escaped with diamonds valued at between \$55,000 and \$60,000.

In the second robbery, three men raided the joint offices of three diamond merchants in East Madison Street, held the merchants at bay with pistols, snatched the loot and escaped with diamonds valued at between \$25,000 and \$50,000 after attempting to shoot half a dozen persons who tried to interfere with them.

One of the robbers was captured later by an elevator man after he had dashed down eleven flights of stairs. He told his name as Frank Mohasco. His companions escaped with the gems.

LEADER OF CHURCH SEES RE-AWAKENING

Rev. Dr. Macartney Preaches
at Opening of U.S. Presbyterian General Assembly

Columbus, Ohio, May 21.—The 137th annual Presbyterian General Assembly of the United States was opened in Columbus this morning with a sermon by the retiring moderator, Dr. Clarence Edward Macartney, of Philadelphia, Pa. Moderator Macartney's general theme was "Reconciliation Through Christ," and he spoke in part as follows:

"The first question one must ask about Jesus Christ is this: 'Who is Christ?' Upon the answer depends the truth or the falsehood of the Christian faith. The tremendous answer of St. Paul, of the New Testament, is that God was in Christ. The history of the Christian Church can display no sadder spectacle than the present day tendency to explain our Lord Jesus Christ in the terms of exalted humanity only. With what Paul called 'good words and fair speeches' men who have never really bowed before the Son of God as Redeemer have deceived the hearts of the simple and induced them to follow a literary and rhetorical Jesus who never existed and who is unable to deliver from sin and death."

NO SINNERS NOW
"The chief trouble with our churches to-day is that nobody is a sinner any more. From our pulpits we hear much of the divinity of man, and a great deal about vision, courage, service, community obligation, and how to abolish war, but almost nothing of sin, old-fashioned, Scriptural, uneducated, unevolved, unconverted, God-defying, death-deserving, soul-destroying sin. Yet to deal with that kind of sin Christ came into the world."

"The present day confusion in religious thinking and teaching is due to the fact that Christianity is a divine remedy for sin and a salvation for sinners, and men are making the hopeless and impossible effort to fit such a religion to men who are not sinners."

"The great controversy which has shaken all our churches has revealed the hopelessness and impossibility of such a religion to men who are not sinners."

"I have approached Hugh Davidson, Liquor Commissioner, who informs me he is concerned only with conditions which prevail in the beer parlors themselves," said Alderman Almond. "The provincial authorities are not interested in what goes on elsewhere on the premises."

Pointing out the city has no control over such premises, as the licensing power rests entirely in the hands of the government, Alderman Almond said conditions were becoming intolerable in Vancouver.

"British Columbia will become as notorious as Mexico as a place where the easy lives of the United States can go and carry on as they please," said Alderman Almond. "Unless steps are taken to give authority definitely to some police authority to regulate such places."

The question was referred to the Police Commission.

**URGE MORE CAUTION
In Truck Driving**

Vancouver, May 21.—Jackie Robinson, three-year-old boy, who was knocked down by a backing truck Monday afternoon and died a hour later, met his death as the result of an accident, the coroner's jury declared at the inquest yesterday.

David E. White, driver of the truck, was exonerated from blame, but the jury added a rider to its verdict, that before a truck driver accepted a request to back up the helper on the truck should station himself at the rear of the vehicle.

THREE-YEAR SENTENCE
Winnipeg, May 25.—Convicted on the evidence of three youngsters, who told the court of a carpenter shop robbery they had staged after setting the stolen property to the accused, Thomas Wilson, who was termed by the court a "mole in the pen," was sentenced yesterday to three years in the penitentiary.

She
doctored
a
headache
—but a Corn
was to blame

A corn isn't just a local pain. The tiny nerves beneath it are on the "main trunk line," linked with all the nerve centers of the system. . . . Doctors know that a tiny lump of callus on the toe—no bigger than a match-head—may make one feel mean all over. Indigestion, a headache, depressed spirits generally, are often corn-reflexes. . . . And Blue-jay makes a corn so needless! A cushiony pad—

as cool as velvet—fits over the corn, stopping the pain in five seconds. You wear this two days in blissful comfort. When you take it off, the corn retires too, gently uprooted by the little brown disc of magic medication within the pad. . . . So dainty, so neat, so quick and sure. Science's final answer to the pain and nuisance of corns. For health's sake, end that corn tonight.

Blue-jay

THE QUICK AND GENTLE WAY TO END A CORN

amous vote of thanks to J. T. Briden, treasurer of the society, for his indefatigable work in connection with arrangements for the recent pet show.
